

2009 CATALOG

Innova is the #1 company in disc golf because we give players what they want.

Innova is number one in disc golf for good reason: innovation.

Before 1983, Frisbee golf was a fun round of slow tosses buffeted by the wind's whims. Innova founder Dave Dunipace sought more. A world champion frisbee golfer and inventor, Dave created the first true golf disc. Dave's innovation – The Aero – provided the WOW factor; it transformed the old game into the dynamic sport of disc golf. Suddenly, everyone could experience the thrill of throwing a long drive with control. The new game was faster, farther, and funner, but we didn't stop there.

Innova developed the first disc golf putter. Before the Aviar, players geared up with a one-size-fits-all mentality. Imagine Tiger Woods playing with a single golf club; it's possible, but not optimal. With the Aviar, players now had a disc specifically designed for the all-important short-range game. More world champions have chosen Aviars

than all other putters combined, but we didn't stop there.

We introduced the first Mid-Range disc in 1985. This innovation evolved into the large diameter Roc. Now the King of the Mid-Range, Rocoholics everywhere attest to its addictive excellence. We didn't stop there.

We introduced Finesse Drivers starting with the innovative Stingray and Cobra. For years, players made our Drivers like the Stingray, Viper and Gazelle their "Go to" discs to sculpt shots to match their dreams. The TeeBird extended this innovative trend to become the current choice of champions for accurate drivers, also known as Fairway Drivers. 12-Time World Champion Ken Climo throws his namesake KC TeeBird when he needs to get it close, but we didn't stop there.

We pioneered Power Control Drivers like the Viper and Whippet. From the Firebird, Monster, TeeRex and Max, to the XCaliber, we continue to set the standards for Wind/Power Control Distance Drivers. A new generation of sidearm throwers have been empowered by these discs, but we haven't stopped there.

We introduced Long Range Drivers. In 2000, the innovative Valkyrie raised the bar for distance throwing. The Valkyrie currently holds the World Distance Record of 820 feet and is still our best selling Distance Driver...

ever. We continue to innovate our driver designs. From the Orc, Wraith, and Destroyer to the Speed 13 Boss, Innova pushes the envelope for Distance Drivers. We didn't stop there.

We brought our innovations to target design. The DISCatcher Pro has become the international standard for targets. DISCatcher's are in use all over Europe, Asia, Australia and the United States. The re-innovated Traveler is the lightest and best catching portable target. Yet, we won't stop there.

We created the Educational Disc Golf Experience to teach disc golf to youth. We founded Disc Golf United to engender greater participation in local organized play. Innova produces the US Disc Golf Championship to showcase the world's best players. We haven't stopped there.

We continue to lead in new disc golf products. The Monarch and Groove are the latest standard bearers with their revolutionary rim configuration. Innovative materials like Champion and Star play longer and feel better, while our Earth friendly ECHO material helps to preserve the planet.

Innova is number one in disc golf for the 26th consecutive season because we still give fellow disc golfers what they want.

ECHO PLASTIC

We take recycling seriously. We grind up discs that don't meet our standards and turn them into new discs with improved feel and resiliency. Those who have tried it agree, ECHO is good for your game and our planet.

- 50 to 100% pre-consumer waste plastic
- Some of the grippiest and longest flying discs we make
- All ECHO discs have an E prefix on bottom
- Available in select DX and Star models

PRO PIG

Who said that pigs can't fly? Well, this one can and it is mean. Perfect for hyzer putting, sidearm approaches and backhand spikes, the Pro Pig allows you to throw with power control on short shots.

- Our best high wind approach disc
- Super grippy plastic for all conditions
- Thumtrac® ensures solid grip sidearm or backhand

CHAMPION MONARCH

This disc trimmed the fat, allowing us to make lighter drivers that anyone can throw. An innovative groove under the rim allows the Monarch to be molded lighter than other fast drivers. Everyone can benefit from the Monarch's unique design.

- Our longest range Distance Driver with a significant high speed turn
- Perfect for beginning players, those with slower arm speeds, and rollers
- Molded as light as 153 grams

STAR XCALIBER

Some will dream. Some will have the strength to throw XCaliber. The Star XCaliber became the second Speed 12 Driver, and the first Star disc to be offered in ECHO plastic.

- A fast overstable driver with lots of glide
- Great for sidearm throwers and those with lots of power
- Can handle headwinds and throws with off axis torque

CHAMPION BOSS

Dave Feldberg dominated at the Worlds this year. The Boss will dominate in 2009. It blends big distance with friendly flights to go deep. If you don't throw 300 feet yet, it's time to learn.

- Speed 13 distance with great control
- Signature disc for 2008 World Champion Dave Feldberg
- Great for sidearm or backhand

CHAMPION GROOVE

Featuring our innovative groove on the underside of the rim. If the Boss proved to be too much disc for you, get into the Groove. The Groove is a Speed 13 driver for the rest of us.

- Flight is fast, long and straight
- Available in weights as low as 165 grams
- Due out Spring of 2009

No player in the history of disc golf has dominated like Ken Climo. With 12 World Championships, 5 US Championships, and a basket full of other Major titles, Ken became the face of disc golf throughout the 90s. He is still THE player to beat at any event. After 20 years, Ken continues to remind people of his prowess at big events by winning against competition half his age.

The KC line of signature discs are the discs that helped Ken win all those titles.

EASY TO THROW

Choose the right disc for each throw

We have a disc for every shot. Choose wisely. Keep your Drivers in the bag when you get within a certain range.

Drivers are meant to be thrown fast and far and do not perform as well when thrown at low speeds like a Putt & Approach. Pull out the Putter or Mid-Range to make a key placement throw or putt. It's just like ball golf club selection. Play smart. Have fun.

Distance Drivers are the best choice for the longest drives and will maximize your distance.

Fairway Drivers are great for shots that you want to be accurate and still get close to the target.

Mid-Range discs offer excellent speed and pin-point control at moderate speeds.

Putt & Approach discs are key for short range success. They are the most predictable at lower speeds.

DISTANCE DRIVERS

Get FREE Disc Selection Charts
We'll send you a free set of Disc Selection Charts to inform you and your customers.

They have all the molds, plastics offered, flight paths, and flight numbers so players are better informed about the disc they are choosing.

Just call your sales rep and ask for a set of Disc Selection Charts and we'll send a set your way.

Plastic Types

INNOVA currently manufactures discs in four distinct lines of plastic. Each plastic offers unique flight characteristics and advantages to match the various needs of throwers and the diverse environments encountered on different disc golf courses. Be it for performance, grip, durability or price, choose the plastic best suited to your needs.

Star Plastic

DURABILITY

GRIP

Innova's Star Plastic is grippy and wears very slowly. Bright colors and slow wear means players will be able to throw these discs for a long time.

Benefits

- Superior grip that performs well in most weather conditions
- Long-lasting durability
- Discs can range from a firm flexibility to a more gummy flexibility
- Some models available in Echo Plastic (50% or more recycled material)

Champion Plastic

DURABILITY

GRIP

Innova's Champion Plastic is the original ultra-durable golf disc plastic. These discs wear slower and last for hundreds of rounds.

Benefits

- Suitable for the increased throwing speeds of professional players
- Long-lasting durability — retains Innova flight characteristics longer than DX or Pro plastics
- Some models available with colorful and unique I-Dye designs (see page 34)

Pro Plastic

DURABILITY

GRIP

Innova's Pro Plastic is manufactured using a unique blend of plastics. Pro plastic is designed to add grip and glide. It is more durable than our DX plastic.

Benefits

- Driver models fly with a longer glide than Champion or DX Plastic
- Provides an improved grip over our Champion Line plastic
- Some models are offered in a softer plastic, while others are available in stiffer types of plastic
- Some models available with colorful and unique I-Dye designs (see page 34)

DX Plastic

DURABILITY

GRIP

Innova's DX Plastic offers the widest selection of models and weights. These discs are affordably priced and provide an excellent grip in a variety of weather situations.

Benefits

- Good all-weather grip
- Wears in progressively to provide new and varied flight characteristics
- Most economically priced of our plastic lines
- Some models available in Echo Plastic (50% or more recycled material)

Disc Types

INNOVA manufactures a complete line of discs for the sport of disc golf. We produce golf discs for every situation you may encounter from the tee to the fairway to the green. Whether you are playing on a wide-open, windy course, threading a narrow wooded fairway, executing a flawless approach, escaping a difficult situation or nailing a crucial putt, INNOVA has a disc to match all your disc golf situations.

Putt & Approach

DISTANCE

CONTROL

Putt & Approach discs fly true at low and medium speeds, which is highly desirable when putting. These discs are also great for approaches and short drives. The quickest way to lower scores in disc golf is mastery of your putter.

Benefits

- Dependable, accurate, and confidence inspiring putts
- Ideal for controlled upshots, short drives and "go for it" shots
- Available in a variety of different models and plastics to match unique putting styles and grips.
- Aviar Putter is the most popular golf disc ever produced (See Pages 12-13)

Putt & Approach

Mid-Range

DISTANCE

CONTROL

Mid-Range discs are great for all types of shots and are recommended as a first disc for beginners for their ease of use and forgiving nature.

Benefits

- Designed to provide accuracy and control for Mid-Range, approach, and short drives
- Provide dependability from fairway to pin
- Roc is the Mid-Range disc of choice for competitive players (page 16)
- Skeeter is the recommended Mid-Range disc for beginning players (page 19)

Mid-Range

Fairway Drivers

DISTANCE

CONTROL

Fairway Drivers are designed to offer players more accuracy than Distance Drivers without sacrificing too much distance. These are used when keeping the disc on the fairway or green is more important than maximum distance.

Benefits

- Deliver dependable distance control for consistent fairway driving
- Valuable disc for shorter, controlled drives and long approaches
- Easier for beginners to use than Distance Drivers
- Help to increase confidence through added control and consistency

Fairway Driver

Distance Drivers

DISTANCE

CONTROL

Distance Drivers are at the pinnacle of golf disc design. They offer players more distance off the tee than other types of golf discs.

Benefits

- Deliver maximum distance off the tee
- Provide the greatest range, speed, glide, and control possible
- Offered in many different models, weights and plastics for players of every skill level
- Valkyrie currently holds the World Distance Record of 820 feet (250m) (See page 25)
- The Monarch (page 27) and Groove (page 31) use our new rim technology to reduce weight and increase glide.

Distance Driver

Sonic

The Sonic is a great disc if you are new to disc golf, and can throw a frisbee®. As a putter, the Sonic has a dead-straight flight and sticks well in the chains. The Sonic also makes a versatile short range approach and escape disc when thrown sidearm or backhand. This disc is very beginner friendly.

Diameter: 21.6 cm
Rim thickness: 0.6 cm

DX 150-177 gm \$8.99

speed	glide	turn	fade
1	2	-4	0

Polecat

The Polecat is a great disc for families and kids. It flies flat and straight. A low profile, point and shoot, easy-to-release Putt & Approach disc.

Diameter: 21.3 cm
Rim thickness: 0.7 cm

DX EDGE 150-175 gm 105 gm \$8.99 \$8.99

What Do the Numbers Mean?

We use 4 terms to better define each disc's characteristics.

Speed — Speed is the ability of the disc to cut through the air. 13 is the fastest through the air.

Glide — A higher glide number means the disc can ride the air better. New players should look for discs with more glide. A disc rated 6 has the most glide.

Turn — *High Speed Turn* — This is the tendency of a disc to bank right (for RHBH* throwers) during the initial part of the flight. A disc with a 1 rating fights turn, but a -5 rated disc turns most.

Fade — *Low Speed Fade* — All discs tail off in the same direction (left for RHBH shots), but some will "hook" harder than others. A disc rated "0" will finish the straightest with very little fade, while a disc rated +5 will hook hard at the end of flight.

* RHBH - refers to Right Hand Backhand throws. Discs thrown left hand backhand would mirror right handed flights.

The AVIAR

Why the Aviar is simply the best golf disc ever

From its creation in the 1984, the Aviar has been THE putter of more World Champions than any other golf disc. A consistent putt is THE key to winning, and the Aviar is consistently the best in any wind condition and for any putting style. Here's a list of just some of the many World Champions who have won using the Aviar.

Ken Climo - 12 times
Juliana Korver - 5 times
Des Reading - 3 times
Barry Schultz - 2 times
Valarie Jenkins - 2 times
Stan McDaniel - 3 times

Rhyno

Rhyno is essential in the wind for short to medium range shots. The Rhyno's Thumtrac® gives it a sure grip and reliable performance in any situation.

Diameter: 21.2 cm
Rim thickness: 1.0 cm

Aviar P&A

Aviar Putt & Approach is the number one putter in disc golf. Having won more World Championships than all other putters combined. Aviar is our most popular disc.

Diameter: 21.2 cm
Rim thickness: 0.9 cm

DX	150-175 gm	\$8.99
GLOW DX	165-175 gm	\$12.99
CHAMPION	165-175 gm	\$15.99
STAR	150-175 gm	\$17.99

speed	glide	turn	fade
2	3	0	1

Classic Aviar

Classic Aviar has a firm grip and is our straightest flying Aviar model from start to finish. Reliable in all conditions and is excellent for drives, approach shots and putts.

Diameter: 21.2 cm
Rim thickness: 0.9 cm

DX 150-175 gm \$8.99

speed	glide	turn	fade
2	3	0	0

VALARIE JENKINS Two-Time PDGA World Champion

With one world championship under her belt, Valarie proved that she's not a one shot deal in Kalamazoo. Val is definitely the most powerful female on tour, Val dominated on the challenging Timber Ridge course at 2008 Worlds as well as on the more technical courses. Her consistent putting matched with her driving power is a double threat.

Putt & Approach
More than just
tossing 'em in the
basket.

These discs make great putters, plus their consistent flights also work well for short and long approaches when thrown with touch or power. From predictable stability (the Pig) to finesse turnover shots (XD). These discs can turn you into a short range technician when the course throws you curves.

Pig

PRO 150-175 gm \$12.99

The Pig was designed for short range spike shots and overstable putting. The Thumtrac® Rim provides a sure grip on both sidearm throws and putts. Players will appreciate the Pig when the winds kick up.

Diameter: 21.2 cm
Rim thickness: 1.4 cm

speed	glide	turn	fade
3	1	0	3

Classic Roc

DX 150-175 gm \$8.99

The Classic Roc is an enduring design. First molded in 1985, the Classic Roc is a smooth straight flyer and will give novices "center cut" accuracy. With a smaller rim, it is great for kids and players with small hands. Its low speed stability makes it a great putter too.

Diameter: 21.2 cm
Rim thickness: 0.9 cm

speed	glide	turn	fade
3	3	0	2

Hydra

DX 172 gm \$8.99

The Hydra is our only putter that floats in water. The Hydra uses a special grippy plastic that inspires confidence in wet or dry weather. A straight flyer in most wind conditions. All Hydras are approximately 172 grams.

Diameter: 21.1 cm
Rim thickness: 1.4 cm

speed	glide	turn	fade
3	3	0	2

Goblin

DX 150-175 gm \$8.99

The Goblin is a small diameter, point and shoot Mid-Range disc. Easy for beginners to throw or putt. It makes an excellent starter disc for short range shots. Can be used as an approach disc or putter. Our straightest short range flyer.

Diameter: 21.2 cm
Rim thickness: 1.0 cm

speed	glide	turn	fade
3	4	0	1

Aero

Talk about old-school. The Aero is the original beveled edge golf disc. Nothing else can stake that claim. If you need a smooth flying disc for approaches or as a gift for a new player, the Aero is a great choice. Even after 25 years of advances, the Aero is still one of the straightest flying discs out there.

Diameter: 21.7 cm
Rim thickness: 1.0 cm

DX	150-180 gm	\$8.99
CHAMPION	175-180 gm	\$15.99
STAR	178-180 gm	\$17.99

speed	glide	turn	fade
3	6	0	0

XD

The XD is a great first disc and will speed the learning curve for beginners. XD has a low profile grip which is secure but easy to release. It is the most driver-like putter we have. It is accurate and easy to throw for short drives, approaches and putts.

Diameter: 21.2 cm
Rim thickness: 0.9 cm

DX 150-175 gm \$8.99

speed	glide	turn	fade
3	4	-1	1

DAVID WIGGINS Jr. 5-Time Junior World Champion

Grown adults are afraid of David Wiggins Jr. They are afraid they'll be beat by this 13 year old phenom. He's been dominating in the junior and advanced divisions for 5 years now. This year he's stepped up to playing Pro but declining cash to keep his Am eligibility. He won his first Open Pro tournament in 2008. At 2008 Worlds, he played Juniors under 19, and while he was playing against players 5 years older, he still dominated the field. What's next? Probably the Amateur World Championship.

Large Diameter Mid-Ranges

The discs that inspire a fanatic following

Comfortable in the hand and smooth in the air, our Mid-Range discs are the most consistent fliers for most disc golfers. Their larger diameter helps to forgive small throwing errors, provide a more consistent release, which results in better accuracy and lower scores.

Roc

The Roc is a favorite of pros and ams alike. Smooth, accurate flights in any wind condition, makes the Roc must for any serious player's game. Brand new a Roc is a consistent, accurate wind beater. Well worn, the Roc becomes a trusted and consistent finesse disc with a slow, predictable turn. The Roc is truly a cult phenomenon.

Diameter: 21.7 cm
Rim thickness: 1.2 cm

DX	150-180 gm	\$8.99
GLOW DX	160-180 gm	\$12.99
KC PRO	150-180 gm	\$12.99

speed	glide	turn	fade
4	4	0	3

Shark

Point and shoot predictability is why the Shark is our best selling Mid-Range. The Shark combines the predictability of a Roc, but with a straighter flight. This is one of the best all around discs for a beginner, but don't tell that to top pros like Brian Schweberger. Because they count on it for one reason: Predictability.

Diameter: 21.7 cm
Rim thickness: 1.2 cm

DX	150-180 gm	\$8.99
EDGE	125-136 gm	\$8.99
CHAMPION	160-180 gm	\$15.99
STAR	170-180 gm	\$17.99

speed	glide	turn	fade
4	4	0	2

BRIAN SCHWEBERGER Team Champion

If fun and a good attitude is what's needed to win tournaments, "Schwebby" has it dialed in. Brian may be off the national scene these days, but his presence is still felt around the Carolinas. With 15 wins in 23 tournament starts, Brian has the best winning record in the sport this year. Look for him to return to the World stage in 2009. Always smiling, with his wife Ashley by his side, Schwebby is one-of-a-kind.

Coyote

When accuracy and finesse are your goals, the Coyote is at the ready. With a rounded nose, the Coyote is one of the most comfortable Mid-Range discs available. It is a versatile flier that works well for short and long shots, including hyzers, turnovers and tunnel shots.

Diameter: 21.7 cm
Rim thickness: 1.2 cm

DX	165-180 gm	\$8.99
CHAMPION	165-180 gm	\$15.99
STAR	165-180 gm	\$17.99

speed	glide	turn	fade
4	5	-1	1

Cobra

Cobra is an excellent all-around disc that is easy to throw. Great for rollers, turnovers and finesse shots. The Cobra is a long time favorite because it gets better with age. A terrific disc for beginners.

Diameter: 21.7 cm
Rim thickness: 1.2 cm

DX 150-180 gm \$8.99

speed	glide	turn	fade
4	5	-2	2

Stingray

Stingray is our best Mid-Range disc for right turning shots. Its excellent glide and flight pattern help stretch out shots for newer players. It is one of our most popular rollers.

Diameter: 21.7 cm
Rim thickness: 1.2 cm

DX	150-180 gm	\$8.99
STAR	165-180 gm	\$17.99

speed	glide	turn	fade
4	5	-3	1

Wolf

Wolf features the Thumtrac® for great grip and reliability. The Wolf is great for threading narrow fairways as well as turnover shots. The Wolf is an excellent roller disc.

Diameter: 21.8 cm
Rim thickness: 1.2 cm

DX 150-180 gm \$8.99

speed	glide	turn	fade
4	3	-4	1

Small Diameter Mid-Ranges Quicker out of the hand. Faster to the target

The small diameter and beefier rims provide a quicker release and more wind resistance than our larger Mid-Range discs. The small mids have less glide, but more speed and perform more like short-range drivers. The advantage of the smaller Mid-Range is to control power and fight the wind.

ANGELA TSCHIGGFRIE Two-time US Champion

Angela hails from Iowa, which seems to have a lock on producing amazing female disc golfers. Angela has a lot of power and skill on the course. During the finals at this year's World Championships, she drove the 700 foot final hole and put her drive within 30 feet of the pin in front of hundreds of cheering spectators. They roared when she nailed the putt to eagle the hole.

Panther

Spider

Spider is a Mid-Range disc that works for hyzer, straight and turnover throws. Throw it with the nose up and the Spider will turn left. Throw it with the nose down and it will turn right.

Diameter: 21.2 cm
Rim thickness: 1.3 cm

DX	150-175 gm	\$8.99
CHAMPION	165-175 gm	\$15.99
STAR	165-175 gm	\$17.99

speed	glide	turn	fade
5	3	0	1

Skeeter

The Skeeter is all you need to get started disc golfing. It is our best one-disc disc. The Skeeter has a straight flight and slight, but dependable fade. Great for putting, approaching, and short drives. The Skeeter is a great beginner disc. Now available in lighter EDGE weights for younger players.

Diameter: 21.2 cm
Rim thickness: 1.3 cm

DX	150-175 gm	\$8.99
EDGE	130-140 gm	\$8.99
STAR	150-175 gm	\$17.99

speed	glide	turn	fade
5	5	-1	1

Panther

The Panther is a slightly understable Mid-Range disc with a shallow rim. Players of all abilities can use it for throwing medium and short range shots. The Panther is a perfect disc for those learning to throw a slow controlled turnover shot. The Panther makes a great small diameter roller for mid to long range shots.

Diameter: 21.2 cm
Rim thickness: 1.3 cm

CHAMPION	160-175 gm	\$15.99
----------	------------	---------

speed	glide	turn	fade
5	4	-2	1

Kite

The Kite has the most glide of the smaller Mid-Range discs and is very easy for beginners to throw. Newer players will appreciate the Kite's straight to slightly understable flight path. For more advanced players, the Kite is a long turnover disc with great glide and minimal fade.

Diameter: 21.2 cm
Rim thickness: 1.6 cm

DX	150-175 gm	\$8.99
STAR	160-175 gm	\$17.99

speed	glide	turn	fade
5	6	-3	1

Fairway Drivers Accuracy. Check. Strategy. Check.

Fairway Drivers, compared to Distance Drivers, put a premium on accuracy or strategy as opposed to Distance. These discs combine distance with a great sense of predictability. From the Viper, a former World Distance Record holder, to the Cheetah and Leopard, these discs are the workhorses for many players.

Viper

DX 150-180 gm \$8.99

The Viper is very stable to overstable disc that is very reliable in all wind conditions. The Viper changed the way disc golf is played by becoming the first disc used for the "Flex Shot" and broke the World Distance Record three times. Excellent choice for sidearm throwers. Recommended for experienced players only.

Diameter: 21.7 cm
Rim thickness: 1.6 cm

speed	glide	turn	fade
5	4	+1	5

Whippet

DX KC PRO 150-175 gm \$8.99
170-175 gm \$12.99

This disc is more Pitbull than Whippet. It could use a spiked collar too. High spike shots, side arm shots and overheads are made easy with the Whippet. Accurate and dependable in the wind. Try it and you'll want to Whip-it too.

Diameter: 21.2 cm
Rim thickness: 1.7 cm

speed	glide	turn	fade
6	3	+1	5

PAUL McBETH

Look like the innocent flower,
But be the serpent under it.
— Macbeth

Paul is a fresh young face in the sport. He hails from Huntington Beach, CA and has that West Coast relaxed attitude on and off the course. But while he may look innocent, Paul can throw hell a far and he is one of the deadliest putters alive. 2008 saw Paul on the lead card at A tiers, NTs, Worlds, and USDGC!

Gazelle

The Gazelle is great overall disc for players of all skill levels because of its versatility and control. It is a dependable driver that has long straight flight with a predictable fade at the end. The Gazelle works well in headwind conditions for both long and medium range shots. It has a narrow rim that is easy for smaller hands to grip.

Diameter: 21.2 cm
Rim thickness: 1.6 cm

DX 150-175 gm \$8.99

speed	glide	turn	fade
6	4	0	2

Cheetah

The Cheetah is a great driver for throwing straight long shots at any skill level. It is a very versatile disc that is predictably stable at lower speeds and will turnover slightly at higher speeds. It is an excellent disc choice for younger disc golfers.

Diameter: 21.2 cm
Rim thickness: 1.6 cm

DX 150-175 gm \$8.99

speed	glide	turn	fade
6	4	-2	2

Leopard

Endorsed by two-time World Champion Barry Schultz, the Leopard should be everyone's first Fairway Driver. It is useful for long straight shots, gentle hyzers and turnover shots. The Leopard also makes a great roller once it becomes "experienced".

Diameter: 21.2 cm
Rim thickness: 1.6 cm

DX 150-175 gm \$8.99
BS CHAMPION 155-175 gm \$15.99
STAR 155-175 gm \$17.99

6	5	-2	1

Fairway Drivers

The evolution of the driver started with these discs

These discs may have been surpassed as the driver of choice for those going for maximum distance, but the Fairway Driver is a staple disc of top pros like Ken Climo. They can still go far. The second farthest throw ever recorded was made with a TeeBird... 810 feet. Yeah. Really.

Banshee

DX	150-175 gm	\$8.99
CHAMPION	150-175 gm	\$15.99

Banshee is very reliable in all wind conditions and will fly far and accurately into the wind. An excellent power disc for backhand and sidearm.

Diameter: 21.2 cm
Rim thickness: 1.8 cm

KEN CLIMO

12-Time PDGA World Champion

There is no better disc golfer than Ken Climo. Period. He has amassed a winning record that is unparalleled. Heck, other players may never come close to what Ken has done in this sport. He has defined professional disc golf and continues to prove, oh yes, he is a contender.

Eagle

For nearly a decade, the Eagle has been soaring over fairways. The distance and control of the Eagle was a godsend when it was released, immediately becoming THE #1 driver in disc golf. Keep one in your bag for sidearms or S turns. The Eagle is graceful, swift, and fierce all at once.

Diameter: 21.2 cm
Rim thickness: 1.7 cm

DX	150-175 gm	\$8.99
KC CHAMPION	150-175 gm	\$15.99
STAR	150-175 gm	\$17.99

speed	glide	turn	fade
7	4	-1	3

TL

The TL is one of the most controllable discs on the market. It has a great straight flight with lots of glide and little fade. Great for long straight tunnel shots and when keeping your disc in the fairway is important.

Diameter: 21.1 cm
Rim thickness: 1.8 cm

STAR	160-175 gm	\$17.99
------	------------	---------

speed	glide	turn	fade
7	5	0	1

Dragon

The Dragon floats in water. The Dragon is made with a special grippy plastic. It is a lightweight driver with excellent glide for less powerful throwers who want to get more distance with less effort. All Dragons are 150 grams.

Diameter: 21.0 cm
Rim thickness: 1.8 cm

DX (Floats)	150 gms	\$8.99
-------------	---------	--------

speed	glide	turn	fade
8	5	-2	2

Archangel

Archangel is one of the easiest drivers for beginners to learn to throw far. Its glide is even more dramatic in lighter weights. Excellent for high turnover shots and rollers too.

Diameter: 21.1 cm
Rim thickness: 1.9 cm

DX	150 class-175 gm	\$8.99

speed	glide	turn	fade
8	6	-4	1

Distance Drivers

When far is where you want to go.

Our Distance Drivers are designed to bring maximum range and predictability off the tee. The Firebird offers a stable flight path with power and control, even in the wind. The Roadrunner and Side-winder provide predictable turn and distance for players with less power. The Valkyrie is all about distance and currently holds the world record.

Firebird

DX	150-175 gm	\$8.99
KC CHAMPION	155-175 gm	\$15.99
STAR	160-175 gm	\$17.99

The Firebird has long been one of our most popular upwind Distance Drivers. The Firebird's superior speed and stability make play on windy days a breeze. A favorite of sidearm and overhead throwers.

Diameter: 21.1 cm
Rim thickness: 1.9 cm

speed	glide	turn	fade
9	3	0	4

FL

STAR 160-175 gm \$17.99

The FL is a modified Firebird. It was designed to have more glide and a less extreme fade at the end of the flight. It is an excellent driver for windy days as well as sidearm throws. The FL is a great first step into the world of overstable drivers.

Diameter: 21.1 cm
Rim thickness: 1.9 cm

speed	glide	turn	fade
9	3	0	2

CHRISTIAN SANDSTROM

World Distance Record Holder

Christian Sandstrom, from Sweden, throws INNOVA plastic...far. He holds the current World Distance Record of 820 feet. He set the record with a 164 gram DX Valkyrie at the 2001 Big D in the Desert. A record many have tried to overcome but have fallen short. The second place record was set with an INNOVA TeeBird.

Viking

Viking is our straightest and most versatile Distance Driver from start to finish. An excellent choice for long, narrow fairway shots, as well as graceful left or right turning shots.

Diameter: 21.2 cm
Rim thickness: 1.9 cm

DX	150-175 gm	\$8.99
CHAMPION	160-175 gm	\$15.99

speed	glide	turn	fade
9	4	-1	2

Valkyrie

The Valkyrie is one of our best down wind drivers. This is the disc that set the world record of 820 feet in 2001. This record has stood for over seven years now. Will it ever be broken? In addition to the Valkyrie holding the World Distance Record, it also is one of the most popular long-range rollers on the market.

Diameter: 21.1 cm
Rim thickness: 1.9 cm

DX	150-175 gm	\$8.99

DES READING Three-time World Champion Three-time US Champion

Des Reading brings much more to disc golf than her 3 World Titles. She has a silky smooth drive, and a deadly accurate putt. Along with her husband Jay, Des has been instrumental in bringing disc golf to the nation's children through the EDGE program. In 2009, Des will continue to travel the country playing in tournaments and teaching our children the wonders of disc golf.

Orc

Orc is one of our most popular Distance Drivers. Great for straight ahead power throws and long gentle hyzer shots. Suitable for a wide range of players.

Diameter: 21.2 cm
Rim thickness: 2.0 cm

DX	150-175 gm	\$8.99

Flatten it out for distance

Throwing a disc with a high trajectory means the disc is fighting gravity. It will eventually slow down and stall, falling to the left. If you throw high enough you may actually lose distance as the disc stalls. Throwing line drives will allow your disc to maintain its initial velocity longer, thereby adding distance.

The BIG BOYS INNOVA raises the bar... again

These discs are the... stuff. They are simply the fastest discs on the planet. The Destroyer and the Boss offer long power flights when you need to get one down range. The XCaliber is a mean machine that takes the wind out of play. What ever disc you choose, rest assured that you are throwing the right stuff.

DAVE FELDBERG 2008 PDGA World Champion

In Kalamazoo, MI, where Dave Feldberg first started playing disc golf, his dream of becoming a world champion was realized. Dave charged to the lead and won the event by 17 strokes. Dave is the first player to win the US Championship, World Championship, European Open, Japan Open, and Players Cup.

Boss

The Boss is large and in charge. The Boss is our fastest long-range Distance Driver with stability and control. Great disc choice for sidearm or backhand throwers. May not be suitable for players with smaller hands. Endorsed by 2008 World Champion Dave Feldberg. Be the Boss.

Diameter: 21.2 cm
Rim thickness: 2.5 cm

CHAMPION 170-175 gm \$15.99

Groove

Get into the Groove. Watch for our newest Speed 13 driver in the spring of 2009. The Groove likes to fly long and straight, low or high, sidearm or backhand. A mellower flying Boss-like disc that comes in lower weights due to the groove in the rim.

Diameter: 21.1 cm
Rim thickness: 2.4 cm

CHAMPION 165-175 gm \$15.99

Common grips for different types of shots

Choose a grip that feels right for you. There are a wide variety of ways to hold a disc, the ones shown on these pages are among the most common used in the disc golf world. But do what works for you, everybody is different.

Power Grip

Power Grip: mainly for drives and long approaches. All four fingers are stacked on the inside of the rim. The disc sits in the palm along the creases, diagonally. More power is transferred with this grip.

Control Grip

Control Grip: traditionally for putt and approach shots. Fingers rest on the underside of the disc, not against the rim. Index finger rests against the outside of the rim. This grip offers clean, low-speed releases.

Sidearm/Forehand Grip

Sidearm/Forehand Grip: for sidearm shots and overhand shots. Middle finger is against the rim, with index stacked against middle or under the flightplate. Thumb pinches top above fingers.

Hook Thumber Grip

Hook Thumber Grip: for overhand shots - thrown like a baseball. Thumb rests against inside rim, outside of rim rests in crease between thumb and index finger. Grip tight for more power.

Champion Disc Golf Set

Our premium set includes three durable Champion models. These packs make it easy for new players to get started with a Driver, Mid-Range and Putter. Simply buy a set and go out and play.

Champion 3 Pack \$48.99

DX Disc Golf Set

A perfect gift for the newer player. A well rounded set of DX discs in ideal weights for newer players. This trio includes our best sellers and is all you need to get started. Includes a Driver, Mid-Range and Putter.

DX 3 Pack \$28.99

WILL SCHUSTERICK

Will "Shoestring" was all fat laces and fresh moves in 2008. He toured all over the country ripping drives and whipping up on guys two and three times his age. This kid definitely has game.

Pulsar Ultimate Disc

The Pulsar is Innova's Ultimate disc. Approved by the UPA (Ultimate Players Association) for tournament play, the Pulsar is ready to lead your team to its next championship. This disc is not just a "competition" disc. It is perfect for Freestyling at the beach or for a game of throw and catch in the backyard. Ready for Super Class PDGA play. Weight: 175 grams

Pulsar \$9.99

Dodgebee®

Foam flyer for friendly fire
Dodgebee is a blast! Merge Ultimate with dodgeball and you'll get the idea. The Dodgebee is a soft foam based Cordura wrapped disc that won't hurt when thrown soft or hard. Great for schools, friends, and family. Just about anyone can play Dodgebee! Weights on the Dodgebee 270, 235 and 200 are 85g, 65g and 45g respectfully.

Dodgebee 200 (7.9 in)	\$8.99
Dodgebee 235 (9.3 in)	\$9.99
Dodgebee 270 (10.6 in)	\$12.99

Dodgebee® Rules!

Simple rules will get you started
The court is 10 yards by 20 yards, with a line through the middle. Teams are split equally, and at least one team member MUST remain in the outfield (area surrounding opposing team's infield square). Players may pass to outfield players to launch a Dodgebee attack at the opposing team's infield players! Any successful attack (Dodgebee hitting an infield player without a catch) results in that player moving to the outfield. The successful attacker may return to the infield. Throws must hit players before hitting the ground. Game duration is 4 minutes, or until an infield team has been eliminated.

For more information on Dodgebee, visit
www.dodgebeeusa.com

Sponsorship Deals

Innova has assisted thousands of disc golf promoters over the last 25 years. We have also run, or helped to run, hundreds of tournaments and promotional events. Our staff takes pride in the phrase "Disc Golf Experts" because we believe strongly in our collective knowledge.

Regardless of the size of your event, we want to lend a hand.

Fundraising

Challenge: Meeting fund raising goals and requirements.

Solution: CFR Fundraiser discs! These are high-demand, limited production discs only available to qualified tournaments.

What you'll need: To choose what type of art you want on the discs - Foil hotstamp or INNColor. Get artwork to us with enough lead time to produce your order so you can sell the discs - the easy part.

Result: Players will have a limited edition disc with your design and a good feeling that they have helped you achieve your goals.

Player Packs

Challenge: Supplying cool player pack items for your tournament.

Solution: Custom design discs! Choose popular INNOVA models with your hot stamp to add extra value to your player packs. Qualified orders also receive tournament supplies and other merchandise.

What you'll need: Simply choose the disc models you want. Your artwork must include event information. Order with enough lead time to produce your order.

Result: Players will have a great disc with your custom design and a souvenir of your event.

Fun & Prizes

Challenge: You need prizes and merchandise for your event.

Solution: Your event can order a selection of discs, bags, targets, and merchandise that players will want.

What you'll need: An idea of how many players your event will have, plus what amount you want to pay out to players.

Result: Players will appreciate a variety of items to choose from for prizes.

Custom KC Pro

First time ever.

Custom stamped KC Pro Rocs and Aviators are now available in 2009. These most desirable discs are available in custom stamped designs for the first time ever! Make sure to add some to your custom order. They'll sell quick!

CFR Rewards

Send in a form - Win cool stuff!

A mail-in form comes with each Fund Raiser Disc sold. Customers who mail them in and are automatically entered to win monthly prizes. In 2008, we gave away over \$6000 worth of CFR Customer Appreciation Program prizes! Can't win if you don't enter!

Call for more...

Give us a call to learn more.

We can explain more about these programs or find a solution to fit your event and budget.

DISCarrier Bag

Want to carry everything you need for a tournament and a sack lunch? Then the DISCarrier is for you. We partnered with **Hero Disc** to create this "tournament bag". The DISCarrier features a lightweight internal frame to keep the overall weight at a minimum—but don't worry this bag is beefy enough to handle all your tournament supplies.

- Holds 20 - 25 discs
- Constructed of 100% Nylon 1260 Denier
- Lightweight internal frame with dividers
- Water resistant with a reinforced bottom
- Two large compartments with internal organizers
- Outer zippered pocket features an mp3 player/cellphone holder
- Hidden inner pocket
- Two large drink holders – each can hold up to a 32 oz. bottle
- Extra wide putter pocket with mini marker pocket
- Pockets for scorecard and multiple pencils
- Accommodates dual strap systems
- Adjustable padded shoulder strap

\$79.99

Competition Bag

The Competition Bag is an ultra-light and ultra-durable full size bag designed to carry up to 20 discs. Includes a lightweight, removable internal disc frame to add support and organize discs. While other heavier bags may carry more accessories, this bag is extremely lightweight and was designed with comfort in mind.

- Holds 15 - 20 discs
- Made with durable lightweight material
- Lightweight internal frame with dividers
- Padded back area for additional comfort
- Two 32-oz bottle holders
- Padded adjustable shoulder strap
- Extra set of strap connectors for use with Backsaver straps - Backsaver Straps not included
- Two zippered gear pockets – one with internal cell phone holder
- Internal zippered pocket
- Elastic front putter pocket with mini pocket and pencil holder

\$59.99

Deluxe Bag

The Innova Deluxe Bag is an excellent choice for all players. The Deluxe Bag is a durable, spacious bag with room for 15 to 20 discs plus accessories. Includes a lightweight, removable internal disc frame to add support and organize discs. The Deluxe Bag has a front putter pocket plus a large zippered side pocket to hold additional equipment and accessories.

- Holds 15-20 golf discs
- Lightweight internal frame with dividers
- Water resistant with reinforced bottom
- Padded adjustable shoulder strap
- 32 oz. bottle holder with cinch strap
- Two outer pockets, plus a mesh zippered pocket on inside of flap
- Three adjustable compartment dividers for various configurations
- Extra set of strap connectors for use with Backsaver straps - Backsaver Straps not included
- Quick access front putter pocket

\$49.99

Standard Bag

The Innova Standard Bag is a high quality, durable, and lightweight bag, designed for players that do not wish to carry a large bag. The Standard Bag holds up to 12 discs with room for accessories. Comes with detachable divider and a disc sleeve to protect discs. There is a quick access front putter pocket as well as a zippered rear compartment.

- Holds up to 12 golf discs
- Water resistant with reinforced bottom
- Padded adjustable shoulder strap
- Removable disc sleeve provides additional protection for up to six discs
- One adjustable compartment divider
- 32 oz. bottle holder with cinch strap
- Zippered mesh pocket on top flap for valuables
- Velcro side pocket holds minis, snacks, and cell phones
- Easy access front putter pocket

Starter Bag

The Innova Starter Bag is an affordable choice for new players or folks who don't carry a lot of discs. It is lightweight and designed to hold 6 to 10 golf discs. The Starter Bag is an ideal choice for youth players. The compact size makes it easy to pack in your suitcase when traveling.

- Holds up to 10 golf discs
- Water resistant with reinforced bottom and sides
- Mesh bottle holder with elastic top
- Divided interior
- Detachable adjustable shoulder strap
- Mesh putter pocket
- 1 outer zippered pocket to carry keys, wallets, minis

DISCatcher[®]
PRO
 Disc Golf Target

See the difference
 from the tee to
 the green

Official target of the United States Disc Golf Championship

The Innova DISCatcher[®] PRO is the best catching, most visible, and longest lasting disc golf target. The DISCatcher PRO is available in both permanent and portable models, making it perfect for a local course or for play in the back yard.

The DISCatcher PRO permanent is a favorite of parks departments and course professionals—in 2008 over 180 new courses were installed using DISCatcher PRO permanent targets. The bright yellow band improves target visibility from afar and also distinguishes the disc golf course to non-players. The DISCatcher PRO has 24 chains designed to catch and stop discs. Discs thrown into its large “sweet spot” resist “blow-

throughs”, “bounce-backs”, and “bounce-outs”. We are sure that the DISCatcher PRO will suit your needs, whether you are installing a new course or upgrading an existing one.

The DISCatcher PRO Portable offers the same great “catchability” as the Permanent model, but with a metal base that allows it to be set up anywhere. The Portable is ideal for use on temporary courses or as a heavy-duty full-size target for backyard practice.

The DISCatcher PRO was designed by pros to improve scoring from near and far. There is no better choice than the DISCatcher PRO.

HIGH VISIBILITY TARGET TOP

Our yellow powder coated target top makes the Innova DISCatcher PRO highly visible and able to withstand the elements. Under the powder coating is all stainless steel construction making it long-lasting and low maintenance.

GALVANIZED CONSTRUCTION

Hot-dip galvanized basket, pipe and chains allow a DISCatcher PRO target to weather the elements better than painted or zinc plated baskets.

THREE TIERED CHAINS

12 outer chains grab your disc, while 12 more inner chains buffer and slow the disc, improving catching performance. This makes the DISCatcher a favorite target of players.

PDGA APPROVED

Both the DISCatcher PRO permanent and portable models are PDGA approved for tournament play.

The DISCatcher PRO has 3 layers of chains to catch more shots

Custom Color Tops

Is your course in need of a blast of new color? Does your school want a disc golf course that matches the team's colors? You now have the power!

Custom color DISCatcher are now available in a multitude of colors. If that isn't enough you can add cool special effects. We will work with you; be it for a backyard target or an entire course. Please contact Innova for more information and pricing.

Model	MSRP
DISCatcher PRO	\$375.00
DISCatcher PRO Portable	\$375.00
Course sales	\$300.00 ea.

DISCATCHER SPORT & MINI • PORTABLE TARGETS

DISCatcher Sport – Full sized and competition ready in 5 minutes

The Innova DISCatcher Sport is a full-size portable target. Durable construction with 18 galvanized chains, yet the DISCatcher Sport model weighs only 40 pounds. The DISCatcher Sport is an excellent target choice for youth camps, schools, backyard practice or to create a temporary course. Constructed of five parts, the DISCatcher Sport can be set up in about 5 minutes with just

a screwdriver. It disassembles for easy transportation or for compact storage when not in use. Not meant for permanent outdoor installation. Regulation sized and PDGA approved for tournament play.

Features:

- **Chain Assembly** - Durable yellow powder coated target top with 18 strands of galvanized chains
- **Basket** - Galvanized finish
- **Two poles** - Two sections with galvanized finish
- **Base** - Our galvanized four spoke base is wide enough and strong enough to stabilize the target, yet is still lightweight.

MSRP \$199.99

DISCatcher Mini – Play in the yard or office

The Innova DISCatcher Mini basket is the perfect trophy basket to award to top competitors in tournaments. It is also a great basket for your mini golf course. Create your own cool course in your yard, or pool a bunch of baskets together and set up a temporary course at your local park. With 18 real chains and solid steel construction, the DISCatcher Mini works like the real deal. Metal band on top is perfect for a trophy plaque. 22" tall.

Colors: DISCatcher Yellow, Chrome (subject to availability)

MSRP \$99.99

TRAVELER – The quickest to set up

The DISCatcher® Traveler disc golf target is ready to accompany you on all your disc golf expeditions. The DISCatcher Traveler is the lightest and best catching portable disc golf target on the market. The Traveler sets up with ease and take down is a breeze. Ideal for taking on camping adventures, to the beach or mountains or on trips to the park. The Traveler's light weight and easy set up and take down make it an excellent choice for schools and youth camps. The DISCatcher Traveler is always ready to go, yet it is great for backyard putting practice as well.

MSRP \$139.99

The DISCatcher® Traveler is available in **RED**, **BLUE**, and **YELLOW**.
Call for color availability

- Simple one-action set up and take down
- Just 13.5 pounds - the lightest portable target available from INNOVA
- New Pentagonal basket improves disc catching from all angles
- The chain/net eliminates spit throughs and catches great
- The extra wide basket tray is made of lightweight/durable, quick-drying mesh fabric
- Includes removable flag and matching tote bag
- Early or late putting sessions won't disturb others with quieter chain action of Traveler
- Five legs provide a wide sturdy base. Attached anchor rings and included anchor stakes serve to secure target on uneven surfaces and on windy days

The Innova SkillShot™ is the original lightweight portable disc golf target. It weighs in at 26 pounds with a 16 chain assembly. The SkillShot allows you to play disc golf in the park, on your next camp-out or around the backyard.

It is affordable, easy to transport, catches great, and is PDGA approved. It comes complete with stakes, flag and carrying case.

Weight 26 lbs

MSRP \$139.99

Convenient Carry Bag

SkillShot Portable Target Features:

- **Umbrella Action** - Pops up in seconds and collapses quickly too
- **16 Chains** - 16 real zinc plated chains grab and hold discs
- **Tripod Base** - Powder coated tripod base allows for basket to be mounted on uneven ground
- **Stakes** - Tent stakes and rings on each foot for added stability when needed
- **Colorful Skins** - 600 denier polyester skins. The SkillShot comes in a variety of colors to suit your needs.
- **Convenient Carry Case** - Great for storing the SkillShot in your car

Available in black, blue, green, and red (subject to availability)

Design a SkillShot Challenge course for a local park, school or your backyard.

The SkillShot Challenge is a great way to test and sharpen your disc golf skills. A player is challenged to perform a variety of disc golf shots and deliveries from different angles and distances. It gives players an opportunity to practice rollers, overhead shots and escape shots. Players are awarded points on how well they perform the shots.

Test your skills with SkillShot Challenge

Overhand: 150 feet

LET US GET YOUR COURSE OFF THE GROUND

We do everything we can to grow the sport of disc golf, and it all starts with new course development. We offer basic 9 and 18-hole packages, or we can customize one to fit your property and vision.

It doesn't matter if it is three holes or twenty-seven holes. We can help get your course in the ground fast. Let us work with you to build a course package that fits your specific goals and budget.

Educational Disc Golf Experience (EDGE)

is a non-profit organization that was founded to introduce the fun, lifetime sport of disc golf to young people. While introducing rules and techniques of disc golf, EDGE also provides teaching points on life skills, such as responsibility and cooperation. Additionally, students will learn the life-long benefits of an active lifestyle.

Teach a child disc golf today

If you are interested in finding out more about EDGE or would like information on how to bring the EDGE program to a school or youth organization in your area, visit the EDGE web site online at: www.edgediscgolf.org or call 1-866-391-EDGE (3343).

Getting the EDGE

Getting the EDGE DVD allows students to see how the world's best disc golfers attack the sport of disc golf. What better way to learn than watching 12-time World Champion, Ken Climo, throw a tee shot in 20x slow motion. Forehand, backhand, putting, basic rules... this DVD covers it all so that you can get your students playing at their best.

\$19.99

EDGE school program benefits

- Students learn through hands on lessons using real golf discs and equipment
- SkillShot™ fundamentals testing allows students to test the skills they have learned and rewards students who have reached predefined levels with cool patches of achievement
- EDGE curriculum also teaches: stretching, addition, courtesy, environmentalism
