## ***INNOVA – Celebrating 25 Years as the industry leader in disc golf***

Sometimes it's difficult to believe that 25 years have passed since Innova's Dave Dunipace created the world's first true golf disc. Those triangular rimmed discs were faster and more accurate, immediately commanding the attention of all who played.

Tournament players recognized instantly that Innova discs provided an undeniable competitive advantage. Our discs have since been used to win more major titles than all other brands combined.

Our love for the game remains strong. It feels better than ever to enjoy rounds with friends, and to watch a company evolve that is disc golf to the core. We are thrilled to see the world finally catching on to what we've known all along.

Thanks for 25 great years, we look forward to serving you in 2008.

### ***Innova Disc Golf***

Look for the INNOVAN at big tournaments this year

## New for 2008

Innova introduced four new discs during the course of the year, the **Kite**, **Cro**, **Destroyer** and **Sonic**. The Kite has the most glide of any disc in our line. It's a Mid-Range, but with the potential of a Fairway Driver. The Cro is a dependable small diameter utility Mid-Range, and it has already amassed quite a following. Then there's the Destroyer. Wow. This disc is on another level. It's our fastest driver to date, pushing the envelope in terms of speed and distance. The Sonic is nothing like anything we've released yet. It's very old school, but if it works, it works. It feels like a catch disc, because it's molded after dog discs. Weighted like a golf disc, it's a great putter.

Speaking of dog discs, we've also released three, count 'em, three new discs with dogs in mind. Partnering with Hero Disc, we've released the **SuperSonic**, **SuperHero**, and **SuperStar**. These "super models" are made from our amazingly tough Champion and Star plastics. These discs will outlast and outperform other dog discs. Discs aren't just for us humans. Your dog wants to play too.

The **DISCarrier Bag** follows the Competition bag with plenty more storage and the same great design. Lightweight yet durable, this bag is all you need for casual or championship rounds. Try one out, or its smaller cousin, the Competition. Both are hits with players.

New for 2008

Four new discs to get your blood pumping

**Destroyer** Be warned. This isn't "just another" Distance Driver. The Destroyer will destroy your concept of "long". It adds more horsepower to your throws. Oh yeah, it's predictable.

Page 7

**Kite** Looking for a Mid-Range with lots of glide? The Kite is it. This disc will get new players on track fast. This is our farthest flying Mid-Range disc. How long can you keep the Kite flying?

Page 17

**Sonic** The Sonic is totally old school. This disc is a joint effort between Innova and Hero Disc. With the feel of a catch disc, the Sonic putts like a laser, and has a graceful turn for nailing approaches.

Page 23

**Cro** The Cro was a success when it hit the shelves. Many top pros have switched to the Cro. Predictable, accurate, and comfortable in the hand. This disc may push some old favorites out of the bag.

Page 16

# Innova Plastic Types

Trust what feels good in your hand

INNOVA currently manufactures discs in four distinct lines of plastic. Each plastic offers unique flight characteristics and advantages to match the various needs of throwers and the diverse environments encountered on different disc golf courses. Be it for performance, grip, durability or price, choose the plastic best suited to your needs.

## Star Plastic

Star Plastic is grippy and wears very slowly. Bright colors and slow wear means players will be able to throw these discs for a long time.

### Benefits

- Superior grip that performs well in most weather conditions
- Long-lasting durability
- Discs can range from a firm flexibility to a more gummy flexibility

## Champion Plastic

Innova's Champion Plastic is the original ultra-durable golf disc plastic. These discs wear slower and last for hundreds of rounds.

### Benefits

- Suitable for the increased throwing speeds of professional players
- Long-lasting durability — retains Innova flight characteristics longer than DX or Pro plastics
- Some models available with colorful and unique I-Dye designs (see page 28)

## Pro Plastic

Innova's Pro Plastic is manufactured using a unique blend of plastics. Pro plastic is designed to add grip and glide. It is more durable than our DX plastic.

### Benefits

- Driver models fly with a longer glide than Champion or DX Plastic
- Provides an improved grip over our Champion Line plastic
- Some models are offered in a softer plastic, while others are available in stiffer types of plastic

## DX Plastic

Innova's DX Plastic offers the widest selection of models and weights. These discs are affordably priced and provide an excellent grip in a variety of weather situations.

### Benefits

- Good all-weather grip
- Wears in progressively to provide new and varied flight characteristics
- Most economically priced of our plastic lines

# Innova Disc Types

The right disc for every shot

INNOVA manufactures a complete line of discs for the sport of Disc Golf. We produce golf discs for every situation you may encounter from the tee to the fairway to the green. Whether you are playing on a wide-open, windy course, threading a narrow wooded fairway, executing a flawless approach, escaping a difficult situation or nailing a crucial putt, INNOVA has a disc to match all your disc golf situations.

## Distance Drivers

Distance drivers are at the pinnacle of golf disc design. They offer players more distance off the tee than other types of golf discs.

### Benefits

- Deliver maximum distance off the tee
- Provide the greatest range, speed, glide, and control possible
- Offered in many different models, weights and plastics for players of every skill level
- Valkyrie currently holds the World Distance Record of 820 feet (250m) (See page 11)

## Fairway Drivers

Fairway Drivers are designed to offer players more accuracy than Distance Drivers without sacrificing too much distance. These are used when keeping the disc on the fairway or green is more important than maximum distance.

### Benefits

- Deliver dependable distance control for consistent fairway driving
- Valuable disc for shorter, controlled drives and long approaches
- Easier for beginners to use than distance drivers
- Help to increase confidence through added control and consistency

## Mid-Range

Mid-Range discs are great for all types of shots and are recommended as a first disc for beginners for their ease of use and forgiving nature.

### Benefits

- Designed to provide accuracy and control for mid-range, approach, and short drives
- Provide dependability from fairway to pin
- Skeeter is the recommended Mid-Range disc for beginning players (page 17)
- Roc is the Mid-Range disc of choice for competitive players (page 18)

## Putt & Approach

Putt & Approach discs fly true at low speeds, which is highly desirable when putting. These discs are also great for approaches and short drives. The quickest way to lower scores in Disc Golf is mastery of your putter.

### Benefits

- Dependable, accurate, and confidence inspiring putts
- Ideal for controlled upshots, short drives and "go for it" shots
- Available in a variety of different models and plastics to match unique putting styles and grips.
- Aviar Putter is the most popular golf disc ever produced (See Pages 22-23)

### Disc Selection Tips

The Innova Flight Chart presents the basic flight characteristics of our drivers and can help you choose a disc that best suits your style and ability. In many sports, players want the same equipment the pros use. In most cases that will work fine; however in Disc Golf there are speed and stability variations in different disc models that must be taken into consideration.

Once you have thrown a driver listed on the Flight Chart, you can use that as a frame of reference. This chart will become a valuable tool in understanding what to expect from our other driver models. The discs are listed from the most understable on the right side of the chart, to the most overstable on the left. The fastest models are at the top. Models get progressively slower as you descend the chart.

If you are just taking up the game, choose one of our more understable drivers listed on the right side of the chart. These discs will fly straighter with less effort and

are easier to control in normal conditions. They are all excellent disc choices for those getting started, especially in lighter weights. These discs provide maximum distance in tail-wind situations for players of all abilities.

The drivers listed in the center section of the Flight Chart are our stable flyers. These stable drivers are our straightest flyers and perform well in most wind conditions. They are excellent choices for players of all skill levels, although newer players should choose lighter weights to get the best results.

Overstable discs are listed on the left side of the Flight Chart and are designed to fade back more noticeably at the end of the flight. They will resist turning over when thrown into a headwind. For newer players, these discs will not go straight for very long and are most useful on dogleg fairways, for sidearm and overhead shots and in windy situations.

**Choose the right disc for each throw** While you could conceivably throw a distance driver for every shot on a course, would you want to? With the wide range of disc choices available, there is a disc for every shot. Choose wisely. Keep your driver in the bag when you get within a certain range. Pull out the putter or mid-range to make a key placement throw on a dogleg hole. Play smart. Have fun.

**Distance Drivers** are the best choice for drives that are at the limit of your distance.

**Fairway Drivers** are great for shots within your range that you want to get close to the target.

**Mid-Range** discs offer excellent speed and directional control at moderate to high speeds.

**Putt & Approach** discs are key for short range success. They are the most predictable at low speeds.

## Destroyer

New in 2008

speed	glide	turn	fade
12	4	0	4

Faster than fast, the Destroyer offers the quickest flight of any Innova golf disc to date. As our only Speed 12 disc, the Destroyer maximizes distance. Excellent for sidearm throwers and those with lots of power. Can handle headwinds and throws with off axis torque.  
Diameter: 21.2 cm

Star Destroyer	\$17.99	168-175 grams
Pro Destroyer	\$12.99	168-175 grams

## Using our disc ratings

### Each disc has unique properties.

We use 4 terms to better define each disc's characteristics.

**Speed** — Speed is the ability of the disc to cut through the air. 12 is the fastest through the air.

**Glide** — A higher glide number means the disc can ride the air better. New players should look for discs with more glide. A disc rated 6 has the most glide.

**Turn** — *High Speed Turn* — This is the tendency of a disc to bank right (for RHBH\* throwers) during the initial part of the flight. A disc with a 1 rating fights turn, but a -5 rated disc turns most.

**Fade** — *Low Speed Fade* — All discs tail off in the same direction (left for RHBH shots), but some will "hook" harder than others. A disc rated "0" will finish the straightest with very little fade, while a disc rated +5 will hook hard at the end of flight.

\* RHBH - refers to Right Hand Backhand throws. Discs thrown left hand backhand would mirror right handed flights.

## Max

speed	glide	turn	fade
11	4	0	5

The Star Max is a fast stable driver. It is much like a faster Firebird or Monster. It is a great disc for forehand drives. Backhand throwers can use it for anhyzer flex shots and spike hyzer throws. The Max is predictable and dependable into the wind. Players looking for the ultimate power driver with consistent fade even in the wind need look no further than the Max.  
Diameter: 21.2 cm

Star Max	\$17.99	175 grams
----------	---------	-----------

## TeeRex

speed	glide	turn	fade
11	4	0	4

The TeeRex is a fast, stable to overstable power driver with significant glide. Resistance to turn at high speeds means this disc will perform well into the wind. TeeRex offers the flight of the TeeBird with the speed of the Wraith. Recommended for professional level players and those that throw at high speeds. The TeeRex is a great distance disc for windy conditions and sidearm throwers.  
Diameter: 21.2 cm

Star TeeRex	\$17.99	165-175 grams
DX TeeRex	\$8.99	150-175 grams

## Wraith

Ken Climo

speed	glide	turn	fade
11	4	-1	3

The Wraith is long stable Distance Driver. It performs predictably well in the wind with speed, glide and accuracy. This disc performs remarkably well when thrown at less than full speed as well as at full speed. It makes an excellent sidearm disc.  
Diameter: 21.2 cm

Ken Climo Star Wraith	\$17.99	164-175 grams
Champion Wraith	\$15.99	164-175 grams
Pro Wraith	\$12.99	164-175 grams
DX Wraith	\$8.99	150-175 grams

\* RHBH - refers to Right Hand Backhand throws. Discs thrown left hand backhand would mirror right handed flights.

# Distance Drivers

*A high speed driver for every player*

Two Time World Champion Barry Schultz at the 2006 Japan Open

Barry Schultz won two World Championships and three US Championships with the help of the Beast

## Monster

speed **10** glide **3** turn **0** fade **5**

The Monster is an overstable, powerful, wind beating distance driver. It is made for people who can turn over other discs into a stiff headwind. The Monster can fight some of the fiercest winds out there. We have not tested it in hurricane force winds... yet. The Monster is best suited for more advanced players.  
Diameter: 21.2 cm

Star Monster	\$17.99	165-175 grams
Champion Monster	\$15.99	165-175 grams

## Starfire

speed **10** glide **4** turn **0** fade **3**

The Starfire is known for its long straight flights. It is also great into headwinds. The Starfire's distance and accuracy make it a must have disc for the serious player. Players looking for "a longer TeeBird" often choose the Starfire for its similar qualities.  
Diameter: 21.2 cm

Star Starfire	\$17.99	160-175 grams
Champion Starfire	\$15.99	160-175 grams
DX Starfire	\$8.99	coming in 2008

## Orc

speed **10** glide **4** turn **-1** fade **3**

The Orc blends accuracy with predictable distance. The Orc is a favorite of players for its speed, accuracy, and stability. Thrown flat, this disc will fly straight. Suitable for powerful throwers, but still manageable by beginners in lighter weights.  
Diameter: 21.2 cm

Star Orc	\$17.99	160-175 grams
Champion Orc	\$15.99	160-175 grams
DX Orc	\$8.99	150 class-175 grams

## About Distance Drivers

Distance Drivers were created to provide players with the maximum distance possible. Some Distance Driver models provide a straight line of flight, while others have the ability to travel to the left or right down the fairway. Some of our Distance Drivers are designed to cut through the wind, while others offer extra glide, providing additional distance for less powerful throwers. All of our Distance Drivers are created to bring maximum range and predictability for each unique situation.

### Flatten it out for better distance

Throwing a disc with a high trajectory means the disc is fighting gravity. It will eventually slow down and stall, falling to the left. If you throw high enough you may actually lose distance as the disc stalls. Throwing line drives will allow your disc to maintain its initial velocity longer, thereby adding distance.

**SL**

speed	glide	turn	fade
<b>10</b>	<b>5</b>	<b>-1</b>	<b>2</b>

The SL is a retooled Starfire that offers more glide and less low speed fade. It has given many players their best distance ever. The Pro version is called the Pro Starfire, which reflects its heritage. The Star SL is the same great mold in Star Plastic.  
Diameter: 21.2 cm

Star SL	\$17.99	160-175 grams
Pro Starfire (SL)	\$12.99	165-175 grams

**Beast**

speed	glide	turn	fade
<b>10</b>	<b>5</b>	<b>-2</b>	<b>2</b>

The Beast ushered in the era of the wide rimmed driver. The wide, shallow rim allows for maximum speed on release and less friction across the underside of the disc, allowing for maximum distance. The Beast was an instant classic when it was released; giving players more distance using less power. It is great for beginners and pros alike.  
Diameter: 21.2 cm

Star Beast	\$17.99	165-175 grams
<b>Barry Schultz</b> Ch. Beast	\$15.99	160-175 grams
Pro Beast	\$12.99	165-175 grams
DX Beast	\$8.99	150 class-175 grams

**Low Speed Fade**

**High Speed Turn**

- Beast
- SL
- Orc
- Starfire
- Monster

# Distance Drivers

Solid performers for all skill levels

## Firebird *Ken Climo*

speed 9 glide 3 turn 0 fade 4

The Firebird is our most popular upwind distance driver. The Firebird's combination of superior speed and stability make it possible to throw drives into the wind with confidence. An excellent disc for throwing long range flex shots. A favorite of sidearm and overhead throwers, too. This disc is designed for professional level players.  
Diameter: 21.2 cm

Star Firebird	\$17.99	160-175 grams
<i>Ken Climo</i> Ch. Firebird	\$15.99	150 class-175 grams
DX Firebird	\$8.99	150 class-175 grams

## FL

speed 9 glide 3 turn 0 fade 2

The FL is a modified Firebird. It was designed to have more glide and a less extreme fade at the end of the flight. It is an excellent driver for windy days as well as sidearm throws. The FL is a great first step into the world of overstable drivers. In Pro Plastic the Firebird-L is known as the Pro Firebird.  
Diameter: 21.2 cm

Star FL	\$17.99	160-175 grams
Pro Firebird	\$12.99	160-175 grams

## Viking

speed 9 glide 4 turn -1 fade 2

The Viking is one of our most versatile distance drivers from start to finish. The Viking is a long straight flyer with a very predictable fade at the end of the flight. This is an excellent disc for throwing both side arm and backhand shots due to its easy grip and neutral flight. The Viking is perfect for holding long, line drive shots as well as graceful left or right turning shots.  
Diameter: 21.2 cm

Champion Viking	\$15.99	160-175 grams
DX Viking	\$8.99	150 class-175 grams

# Distance Drivers

Solid performers for all skill levels

## Valkyrie *Christian Sandström*

speed 9 glide 4 turn -2 fade 2

An easy to learn disc. Lighter weights fly farther for newer players. Keep one in the bag for big tailwind drives. Heavy Valks add distance upwind. Great for long turnover shots and rollers.

**World Record:** 820 feet! That's insane. Nobody has beaten Christian Sandstrom's record for five years. Diameter: 21.2 cm

<b>Sandstrom</b> Star Valkyrie	\$17.99	150 class-175 grams
Champion Valkyrie	\$15.99	150 class-175 grams
Pro Valkyrie	\$12.99	165-175 grams
DX Valkyrie	\$8.99	150 class-175 grams

## Sidewinder

speed 9 glide 5 turn -3 fade 1

A fast flyer with a predictable high speed turn and lots of glide. This disc can add distance to anyone's game. It is especially useful for those with less power. The Sidewinder is our best disc for long turnover shots and long distance rollers. Even disc golfers who have never had much success throwing a roller shot, will be amazed at the results they can achieve with the Sidewinder.

Diameter: 21.2 cm

Star Sidewinder	\$17.99	150 class-175 grams
Champion Sidewinder	\$15.99	150 class-175 grams
DX Sidewinder	\$8.99	coming in 2008

## Roadrunner

speed 9 glide 5 turn -4 fade 1

The Champion Roadrunner is a long-range distance driver with lots of glide. It makes an excellent finesse driver or long range roller. Power throwers can use this disc for long turnover shots and rollers. Less powerful throwers can use this disc for long, straight shots or low tunnel shots. Best Distance Driver for turnover shots. Diameter: 21.2 cm

Star Roadrunner	\$17.99	160-175 grams
Champion Roadrunner	\$15.99	160-175 grams

## Dragon

speed 8 glide 5 turn -2 fade 2

Designed to float on water, the Dragon is a must for new players playing near water. Great for cold weather: special DX plastic that seems to stick to your fingers. New players can get serious distance with the Dragon. Only available at 150 grams. Diameter: 21.2 cm

DX Dragon	\$8.99	150 grams
-----------	--------	-----------

## Archangel

speed 8 glide 6 turn -4 fade 1

Our easiest distance driver to throw for distance. A great choice for "first distance driver". High glide, fast speed, and extended turn max out your distance. The Archangel also doubles as an easy to learn roller disc. Lighter weights work great for younger players. Diameter: 21.2 cm

DX Archangel	\$8.99	150 class-175 grams

## About Fairway Drivers

Fairway Drivers deliver confidence in both driving and approach situations. For many players, our Fairway Drivers provide nearly the same as our Distance Drivers, but with added control and accuracy. Newer players will find these discs easy to control. These discs can inspire a new level of confidence in your game. Improve the level of your fairway game with our complete line of Fairway Drivers.

### Banshee

speed 7 glide 3 turn 0 fade 3

The Banshee is a versatile and dependable overstable driver. It has a high degree of predictability, throw after throw. You can count on a Banshee to perform even into the wind. It is an excellent disc for sidearm, backhand and overhead throws, offering predictable, dependable flights. Diameter: 21.2 cm

Champion Banshee	\$15.99	150 class-175 grams
DX Banshee	\$8.99	150 class-175 grams

### TeeBird

Ken Climo

speed 7 glide 5 turn 0 fade 2

The TeeBird is one of our most accurate and reliable fairway drivers. It has a combination of straight flight, high glide, and good speed making it accurate and long flying both upwind and downwind. A popular choice for pros including 12-time World Champion and Hall-of-Famer Ken Climo. Great for accuracy, distance, and sidearm shots. Diameter: 21.2 cm

Star TeeBird	\$17.99	150 class-175 grams
Ken Climo Ch. TeeBird	\$15.99	150 class-175 grams
DX TeeBird	\$8.99	150 class-175 grams

 8 National Tour wins in 2007

## Eagle

*Ken Climo*

speed	glide	turn	fade
<b>7</b>	<b>4</b>	<b>-1</b>	<b>3</b>

The Eagle is our original, professional level fairway driver. It ushered in a new era for distance and reliability. The Eagle's superior speed and predictable flight characteristics let you make confident and accurate long range power shots. The Star Eagle is a more stable version of the Eagle. Diameter: 21.2 cm

Star Eagle	\$17.99	150 class-175 grams
<b>Ken Climo</b> Ch. Eagle	\$15.99	150 class-175 grams
DX Eagle	\$8.99	150 class-175 grams

## TL

speed	glide	turn	fade
<b>7</b>	<b>5</b>	<b>0</b>	<b>1</b>

The TL is the brother of the reliable TeeBird. The "L" stands for "Less Overstable" and "Longer". This disc has the same great speed and glide as the TeeBird, but is straighter flying with less fade at the end of the flight. If you are looking for a straight flying, maximum distance Fairway Driver in Star plastic, the TL is the disc for you. Diameter: 21.2 cm

Star TL	\$17.99	160-175 grams
Pro TeeBird-L	\$12.99	150 class

# Fairway Drivers

When precise placement is a priority

## Whippet *Ken Climo*

speed **6** glide **3** turn **+1** fade **5**

The Whippet is a very overstable driver used for medium long left hooking shots. It holds a line extremely well even when thrown into stiff headwinds. Great for specialty shots like overheads, spike hyzers, forehand rollers, hook thumbers and skip shots. Designed to handle the power of professional level players.  
Diameter: 21.2 cm

Ken Climo Pro Whippet \$12.99 170-175 grams  
DX Whippet \$8.99 150 class-175 grams

## Staying in the Fairway

Choosing the right disc for the shot is an art. Good players run several scenarios through their heads before throwing. They don't just consider the shots that will "potentially" get them closest to the basket but also the ones that best avoid trouble. Using Fairway Drivers is part of this art. They allow players to play smart. It's not all about distance; it's about accuracy too. Play smart, accurate disc golf and you will start to play winning disc golf.

## Gazelle

speed **6** glide **4** turn **0** fade **2**

The Gazelle is a great overall disc for players of all skill levels because of its versatility and control. It is a dependable driver that has a long straight flight with a predictable fade at the end. The Gazelle works well in headwind situations for both long and medium range shots. It has a narrow rim that is easy for smaller hands to grip.  
Diameter: 21.2 cm

DX Gazelle \$8.99 150 class-175 grams

## Viper

speed **5** glide **4** turn **+1** fade **5**

The Viper is a stable to overstable disc that is very reliable in all wind conditions. The Viper changed the way Disc Golf is played by becoming the first disc used for the "Flex Shot". Excellent choice for sidearm throwers. Recommended for experienced players only.  
Diameter: 21.7 cm

DX Viper \$8.99 150 class-180 grams

Micah Dorius tees off at the US Disc Golf Championship in Rock Hill, SC

# Fairway Drivers

When precise placement is a priority

## Cheetah

speed **6** glide **4** turn **-2** fade **2**

The Cheetah is a great driver for throwing straight long shots at any skill level. It is a very versatile disc that is predictably stable at lower speeds and will turnover slightly at higher speeds. It is an excellent disc choice for younger disc golfers.  
Diameter: 21.2 cm

DX Cheetah \$8.99 150 class-175 grams

## Leopard

*Barry Schultz*

speed **6** glide **5** turn **-2** fade **1**

The Leopard should be everyone's first fairway driver as it has excellent glide and is easy to throw straight and far. The Leopard is a great turnover disc for players of all skill levels. The Leopard makes a dependable long range roller.  
Diameter: 21.2 cm

Star Leopard	\$17.99	150 class-175 grams
<b>Barry Schultz</b> Ch. Leopard	\$15.99	150 class-175 grams

EASY TO THROW

## About Mid-Range Discs

Mid-Range Discs are designed to provide extra accuracy and control for a wide variety of shots. These versatile discs are effective in many situations, from drives and midrange shots, to approaches and even putting. We offer an assortment of Mid-Range discs to match the needs of a wide range of players using a variety of throwing techniques.

### Gator

speed 5 glide 2 turn 0 fade 3

The Gator is a very reliable overstable Mid-Range disc with a predictable finish. The Gator delivers pin-point accuracy for shorter drives and approach shots even in windy conditions. This is a great disc for Mid-Range shots especially for players who need to control their power and increase their accuracy. Diameter: 21.2 cm

Star Gator	\$17.99	165-175 grams
DX Gator	\$8.99	150 class-175 grams

### Cro

New in 2008

speed 5 glide 3 turn 0 fade 2

The Cro is a new addition to our small diameter Mid-Range line-up. This disc flies slightly overstable and is well suited for both backhand and forehand shots. The stability of the Cro is comparable to that of a Roc or a Shark, but it will fly a little faster and with less glide. The rim depth and shape offer a smooth release. Diameter: 21.2 cm

Star Cro	\$17.99	165-175 grams
DX Cro	\$8.99	150 class-175 grams

### Spider

speed 5 glide 3 turn -1 fade 1

The Spider is a Mid-Range disc that works for hyzer, straight and turnover throws. Throw it with the nose up and the Spider will turn left, with the nose down it will turn right. The Spider is a low speed predictable disc that makes a great approach disc. Excellent for all skill levels and players who prefer a smaller diameter disc. Diameter: 21.2 cm

Star Spider	\$17.99	165-175 grams
Champion Spider	\$15.99	160-175 grams
DX Spider	\$8.99	150 class-175 grams

## Common grips: different types of shots

**Power Grip**

**Control Grip**

**Hook Thumber Grip**

**Sidearm/Forehand Grip**

Choose a grip that feels right for you. But if you need some help, here a few basic grips that you should try.

- **Power Grip:** mainly for drives and long approaches. Backhand.
- **Control Grip:** traditionally for putt and approach shots. Backhand.
- **Sidearm/Forehand Grip:** for sidearm shots and overhand shots.
- **Hook Thumber Grip:** for overhand shots - thrown like a baseball.

There are many more grips to discover, so experiment!

For more on how to handle a disc, check out the new DVD, **Getting the EDGE**. It has top notch instruction on how to throw the most popular types of shots.

See page 37

## Skeeter

speed	glide	turn	fade
5	5	0	1

Get bit by the Skeeter! The Skeeter is a small diameter Mid-Range disc with a straight flight and slight, but dependable fade. This disc is one of the best discs we make that putts, approaches, and drives dependably and accurately. Ideal for all skill levels.

Diameter: 21.2 cm

Star Skeeter	\$17.99	150-175 grams
DX Skeeter	\$8.99	150-175 grams

## Kite

New in 2008

speed	glide	turn	fade
5	6	-3	1

The Kite is a small diameter Mid-Range driver. It has a straight to slightly understable flight path. This disc has good glide. Makes a great first roller. Advanced players will enjoy the long turnover flight and hyzer-flip capabilities. Beginners will find this is an easy-to-throw disc for driving, approaches and rolling.

Diameter: 21.2 cm

Star Kite	\$17.99	160-175 grams
DX Kite	\$8.99	150-175 grams

## Panther

speed	glide	turn	fade
5	4	-2	1

The Panther is a slightly understable Mid-Range disc with a shallow rim. Players of all abilities can use it for throwing medium and short range shots. The Panther is a perfect disc for those learning to throw a slow controlled turnover shot. The Panther makes a great small diameter roller for medium to long range shots.

Diameter: 21.2 cm

Champion Panther	\$15.99	165-172 grams

## Roc

speed 4 glide 4 turn 0 fade 3

The Roc is simply the best, most versatile Mid-Range disc ever made. It provides accuracy at any range. This disc can take and hold the angle of release, even into a headwind. It can be used for driving, upshots, straight shots, hyzer shots or anhyzers. The Roc ages gradually and predictably. If you're not sure what disc to throw, choose the Roc just like most pros. Diameter: 21.7 cm

KC Pro Roc	\$12.99	150-180 grams
DX Roc	\$8.99	150-180 grams

## Shark

speed 4 glide 4 turn 0 fade 2

The Shark is the perfect Mid-Range disc for players of all skill levels. It is great for predictable straight, hyzer or anhyzer drives, and approach shots, plus you can even putt with it. Beginners will benefit from the smooth rim and consistent release. It has good carry and makes long approaches easy to reach. Diameter: 21.7 cm

Star Shark	\$17.99	165-180 grams
Champion Shark	\$15.99	165-180 grams
Pro Shark	\$12.99	170-180 grams
EDGE Shark	\$8.99	130 grams
DX Shark	\$8.99	150 class-180 grams

## Coyote

speed 4 glide 5 turn -1 fade 1

The Coyote is a larger diameter Mid-Range disc with good glide that flies predictably for straight, gentle turnover, or hyzer shots. It has a friendly grip that makes it easy to throw and release. The Coyote is an excellent disc for many types of long or short approach shots, short drives, roller shots, and even short range putts. Perfect for anyone wishing to play with just one disc. Diameter: 21.7 cm

Star Coyote	\$17.99	165-180 grams
Champion Coyote	\$15.99	165-180 grams
DX Coyote	\$8.99	165-180 grams

# Mid-Range Discs

Provide dependability from fairway to pin

## Find a mold and stick with it.

A lot of players are surprised when they find out that a majority of the top pros use the same type of disc for a variety of shots. 12-time World Champion Ken Climo carries 4 to 5 Rocs. Why does he carry five of the same disc? Because each of these Rocs is broken in or "tuned" to fly in a certain manner. One new for hyzer shots, another with some good use for straight flights, a pretty worn one for turnover shots, and so on. By becoming an "expert" with a particular disc, a player can throw with the same motion, and the resulting flight will vary depending upon the wear on the disc.

Innova offers an assortment of discs with different grips and plastics to meet the needs of every player. Experiment with a number of molds and find the disc that has the best grip and feel for you. Once a "new" disc gets worn in a bit, you can move it to a turnover spot in your bag. As you progress in skill level, you may find yourself carrying five Rocs too.

Limiting your golf bag to a smaller number of molds means you will have to learn less discs, and can focus on your accuracy, form, and putting. The top players who only carry 4 or 5 molds in their bag are confident in both the feel of the discs and executing a variety of shots with them. Gain confidence in your game by mastering just a few molds.

Justin Jernigan throws TeeBirds, Rocs, and Aviators. He knows he can depend on them.

## Cobra

speed 4 glide 5 turn -2 fade 2

The Cobra is a large diameter Mid-Range that is very easy to grip. It is very beginner friendly with a long and useful lifespan. The Cobra is a great disc choice for long slow turning shots and rollers. The thin rim is great for smaller hands and creates a clean predictable release. Diameter: 21.7 cm

Pro Cobra \$12.99 175-180 grams  
DX Cobra \$8.99 150 class-180 grams

## Stingray

speed 4 glide 5 turn -5 fade 1

The Stingray is a large diameter disc that has a very predictable turn and excellent glide. It has a shallow rim that makes it easy to grip for smaller hands and allows for a smooth consistent release. These characteristics make it a good choice for beginners. The Stingray is also an excellent disc for throwing controllable mid to long range roller shots. Diameter: 21.7 cm

Star Stingray \$17.99 165-180 grams  
DX Stingray \$8.99 150 class-180 grams

## Wolf

speed 4 glide 3 turn -4 fade 1

The Wolf is an understable Mid-Range disc designed for making medium range straight and turnover shots. It features the patented Innova Thumtrac™ for added grip and reliability. The Wolf allows any player to learn anhyzer shots with very little effort. A great feeling disc that is easy to release. The Wolf is great in the woods and also makes an excellent Mid-Range roller disc. Diameter: 21.7 cm

DX Wolf \$8.99 150 class-180 grams

# Putt & Approach Discs

Confidence for the most important shot in disc golf

Steve Brinster lobs a putt in at the 2006 US Disc Golf Championship

Angela Tschiggfrie putts at 2006 World Championships

## Hydra

speed	glide	turn	fade
3	3	0	2

The Hydra is a great disc for short drives and approach shots. It will handle all wind conditions. It is made with a grippy, durable plastic that floats in water. It is easy to release and has a friendly grip making it a great putter as well. All Hydras are approximately 172 grams.  
Diameter: 21.2 cm

DX Hydra	\$8.99	175 grams
----------	--------	-----------

## Classic Roc

speed	glide	turn	fade
3	3	0	2

The Classic Roc is a small diameter Putt and Approach disc that makes a great Mid-Range driver for players of all abilities. This accuracy disc provides a great "touch" for shorter holes and longer approach shots. It is a solid performer for straight or turnover shots. The Classic Roc makes a good putter as well.  
Diameter: 21.2 cm

DX Classic Roc	\$8.99	150 class-175 grams

## Goblin

speed	glide	turn	fade
3	4	0	1

The Goblin makes an excellent starter disc and is a great choice for players using only one disc. Side arm or backhand, the Goblin performs well as a short range driver or approach disc as well as being a dependable putter. On a short course, this might be the only disc you will need.

Diameter: 21.2 cm

DX Goblin \$8.99 150 class-175 grams

## Aero

speed	glide	turn	fade
3	6	0	0

The Aero is the straightest point-to-point golf disc and the easiest disc to keep on the fairway for beginners. It is a slow flying control disc with a large diameter and a significant amount of float. When broken in the Aero will turnover very slowly and predictably. The Aero was introduced in 1983 as the first disc designed specifically for Disc Golf.

Diameter: 21.7 cm

Star Aero	\$17.99	178-180 grams
Champion Aero	\$15.99	175-180 grams
DX Aero	\$8.99	150 class-180 grams

## XD

speed	glide	turn	fade
3	4	-1	1

The XD has a low profile, thin rim which promotes a secure grip and an easy, natural release. These features combined with straight flight characteristics make the XD an easy to throw and control disc. It is the most driver-like putter we have and is useful for putts, drives and approach shots. Good disc for developing a "touch" around the basket.

Diameter: 21.2 cm

DX XD \$8.99 150 class-175 grams

# Putt & Approach Discs

Tried, trusted, true

## Rhyno

speed 2 glide 1 turn 0 fade 3

The Rhyno is an overstable putt and approach disc that can handle strong headwinds. Great for players with lots of throwing power. The Rhyno stops on a dime. It is a must have disc for short to medium up shots and putting into the wind. The Pro Rhyno is soft and flexible.

Diameter: 21.2 cm

Star Rhyno	\$17.99	165-175 grams
Champion Rhyno	\$15.99	165-175 grams
Pro Rhyno (soft)	\$12.99	165-175 grams
DX Rhyno	\$8.99	150 class-175 grams

## KC Pro Aviar

speed 2 glide 3 turn 0 fade 2

The KC (Ken Climo) Pro Aviar is made from the Aviar driver mold in a firm blend of special KC plastic (which is also used for the KC Roc and KC Whippet) for players who prefer a stiffer disc. This is the preferred model of professional players. Great for drives, approaches and putts.

Diameter: 21.2 cm

KC Pro Aviar	12.99	151-175 grams
--------------	-------	---------------

## JK Pro Aviar

speed 2 glide 3 turn 0 fade 2

The JK (Juliana Korver) Pro Aviar is made from the driver mold in a special blend of durable Pro-line Plastic that is more flexible and grippy than the other Aviar models. It has the same flight characteristics as the KC Aviar. Its softer plastic is better in colder climates and for those who require a tackier grip.

Diameter: 21.2 cm

JK Pro Aviar	\$12.99	151-175 grams
--------------	---------	---------------

Chris Sprague putts at the famed Winthrop Gold Course in Rock Hill, SC Home of the US Disc Golf Championship

## Birdie

speed 1 glide 2 turn 0 fade 0

The Birdie is a slow, straight flyer with our Thumtrac® grip for a sure release. It has great chain catching ability. Great for approach shots as it flies straight and slow start to finish. It is one of our best "go for" discs as it doesn't go far past the basket on misses, and stays put when it hits the ground. A good disc for those players making the conversion from flat edged disc sports: Catch, Ultimate, Freestyle, etc.

Diameter: 21.2 cm

DX Birdie	\$8.99	150 class-175 grams
-----------	--------	---------------------

# Putt & Approach Discs

Tried, trusted, true

## Star Aviar Driver

speed **2** glide **3** turn **0** fade **2**

The Star Big Bead Aviar Driver is made with the "Big Bead" Aviar driver mold. The Star Aviar Driver offers enhanced stability over the regular Aviar P & A. This disc won't flinch into a headwind. Star plastic gives the Aviar Driver more durability and offers players another grip option. Throw it fast or throw it slow, the Star Aviar Driver knows how to handle the power in your arm.  
Diameter: 21.2 cm

Star Big Bead Aviar Driver \$17.99 170-175 grams

## Aviar Putt & Approach

speed **2** glide **3** turn **0** fade **1**

The Aviar Putt & Approach is our most popular disc model and the number one putter in Disc Golf. It is versatile and dependable in all conditions. A must have disc for any serious competitor's bag. This model is a straight flyer with a predictable finish.  
Diameter: 21.2 cm

Star Aviar P&A	\$17.99	150-175 grams
Champion Aviar P&A	\$15.99	165-175 grams
DX Aviar P&A	\$8.99	150 class-175 grams

## Classic Aviar

speed **2** glide **3** turn **0** fade **0**

The Classic Aviar is the original model that gave rise to all other Aviar. The Classic Aviar is our straightest flying Aviar model from start to finish. It is made in a firm plastic with a good grip. Like all other Aviar models, it is reliable and dependable in all conditions.  
Diameter: 21.2 cm

DX Classic Aviar \$8.99 150 class-175 grams

## Polecat

speed **1** glide **3** turn **0** fade **0**

The Polecat is a beginner friendly putt and approach disc. It is a straight flying disc made in a comfortable, grippy plastic. This putter is great for short drives and approaches as it takes and holds the angle of release regardless of speed. A great choice for pros and beginners as it works well with all putting styles.  
Diameter: 21.2 cm

DX Polecat \$8.99 150 class-175grams

## Sonic

New  
in 2008

speed **1** glide **2** turn **-4** fade **0**

The Sonic, based on the Hero 235, is new for 2008. It feels like a catch disc, but it's weighted like a golf disc. It has a nice straight flight and sticks well in the chains. For longer approaches, it has a slow predictable turn and likes to land flat for very few roll-aways. This disc is very beginner friendly.  
Diameter: 21.6 cm

DX Sonic \$8.99 130-177 grams

## Lite Polecat

**Great for young kids**  
The Lite Polecat is an excellent golf disc for children. It makes an excellent catch disc as well. Weight: 105 grams  
Diameter: 21.2 cm

Lite Polecat      \$4.99      105 grams

## Zephyr

**A great all-around disc**  
The Zephyr is a throw and catch disc. The Zephyr has a very straight and true flight characteristic. The Zephyr's Thumtrac<sup>®</sup> gives it extra durability and a great grip, especially for sidearm throws.  
Diameter: 24 cm

Zephyr      \$8.99      140 grams

## Super Nova

**Our best catch disc**  
The Super Nova is an excellent all around recreational disc. It features our patented Thumtrac<sup>®</sup> technology for great grip and true flights throw after throw. Great for Ultimate, catch or Freestyle. It is also a PDGA approved golf disc. A great disc for a day at the beach.  
Diameter: 27.5 cm

Super Nova      \$9.99      175 grams

All of the above discs are *PDGA approved* for play (including the Pulsar on page 30)

**New in 2008**

## Dodgebee<sup>®</sup>

**Foam flyer for friendly fire**  
Dodgebee is a blast! Merge Ultimate with dodgeball and you'll get the idea. The Dodgebee is a soft foam based Cordura wrapped disc that won't hurt when thrown soft or hard. Great for schools, friends, and family. Just about anyone can play Dodgebee! Weights on the Dodgebee 270, 235 and 220 are 85g, 65g and 45g respectfully.

Dodgebee 270 (10.6 in)	TBA
Dodgebee 235 (9.3 in)	TBA
Dodgebee 200 (7.9 in)	TBA

## Dodgebee<sup>®</sup> Rules!

Simple rules will get you started  
The court is 10 yards by 20 yards, with a line through the middle. Teams are split equally, and at least one team member **MUST** remain in the outfield (area surrounding opposing team's infield square). Players may pass to outfield players to launch Dodgebee attack at opposing team's infield players! Any successful attack (Dodgebee hitting infield player and no catch) results in that player moving to the outfield. The successful attacker may return to the infield. Throws must hit players before hitting the ground. Game duration is 4 minutes, or until an infield team has been eliminated.

For more information on Dodgebee, visit [www.dodgebeeusa.com](http://www.dodgebeeusa.com)

## Pulsar

UPA approved Ultimate Disc

The Pulsar is Innova's Ultimate disc. Approved by the UPA (Ultimate Players Association) for tournament play, the Pulsar is ready to lead your team to its next championship. This disc is not just a "competition" disc. It is perfect for Freestyling at the beach or for a game of throw and catch in the backyard.

\$9.99 175 grams

Ultimate has been a staple of college life for more than 30 years, and continues to be a popular sport. Club leagues are active in small to large cities. This is especially true in areas with high post-graduate populations.

Innova created the Pulsar to meet the needs of Ultimate players everywhere. The Pulsar received the approval of the Ultimate Players Association in 2006. The Pulsar rules for official Ultimate play or a day at the beach.

Pulsars can be custom hot-stamped with your design, call for details.

New in 2008

Our dog discs are the perfect choice for Disc Dog competitions.

## SuperHero New!

The toughest K-9 sport disc  
SuperHero K-9 Candy discs come in a wide range of vivid, eye catching, translucent colors and are available for custom stamping. Each disc weighs approximately 136 grams. Hero Discs are competition and safety approved. Bring out the SuperHero in your Dog! Choose **superdog** or **superguy** stamp.  
136 grams \$13.99

## SuperStar New!

Flying disc seeks flying dog  
Made from our popular Star Plastic, the SuperStar goes where you throw it. The Superstar is competition ready at 130 grams. Identical to our SuperHero, but a little lighter and in a softer plastic. Make your dog a SuperStar!  
130 grams \$17.99

## SuperSonic New!

Designed for dog disc pros  
The SuperSonic is a smaller, lighter version of the SuperStar. The SuperSonic weighs in at 112 gms making it one of the lightest, most durable dog discs on the market. The SuperSonic not only adds distance to your throws compared to traditional dog discs, but is extra durable and puncture resistant. Available for custom hot stamping.  
112 grams \$13.99

# Event Sponsor Programs

Innova has a program to fit your needs

Innova has assisted thousands of disc golf promoters over the last 25 years. We have also run, or helped to run, hundreds of tournaments and promotional events. Our staff takes pride in the phrase "Disc Golf Experts" because we believe strongly in our collective knowledge. Regardless of the size of your event, we want to lend a hand.

## Fundraising

**Challenge:** Meeting fund raising goals and requirements.

**Solution:** CFR Fundraiser discs! These are high-demand, limited production discs only available to qualified tournaments.

**What you'll need:** To choose what type of art you want on the discs - Foil hotstamp or INNColor. Get artwork to us with enough lead time to produce your order so you can sell the discs - the easy part.

**Result:** Players will have a limited edition disc with your design and a good feeling that they have helped you achieve your goals.

## Player Packs

**Challenge:** Supplying cool player pack items for your tournament.

**Solution:** Custom design discs! Choose popular INNOVA models with your hot stamp or Full Color design to add extra value to your player packs. Qualified orders also receive tournament supplies and other merchandise.

**What you'll need:** Simply choose hot stamp or Full Color and the disc models you want. Your artwork must include event information. Order with enough lead time to produce your order. Choose the discs you want.

**Result:** Players will have a great disc with your custom design and a souvenir of your event.

## Fun & Prizes

**Challenge:** You need prizes and merchandise for your event.

**Solution:** Your event can order a selection of discs, bags, targets, and merchandise that players will want.

**What you'll need:** An idea of how many players your event will have, plus what amount you want to pay out to players.

**Result:** Players will appreciate a variety of items to choose from for prizes.

## Added Bonus!

### CFR Certificates - Win cool stuff!

A mail-in form comes with each Fund Raiser Disc sold. Customers mail it in and are automatically entered to win monthly prizes. In 2007, we gave away over \$6000 worth of CFR Customer Appreciation Program prizes!

## Call for more...

### Give us a call to learn more.

We can explain more about these programs or find a solution to fit your event and budget.

# Custom Disc Options

Top selling discs with YOUR designs on them!

Custom golf discs and mini markers are a great way to raise money and promote your business, club, or upcoming event. They are a mainstay at successful events and help raise thousands of dollars each year.

## Hot Stamped Discs

This traditional process still reigns supreme and offers the widest selection of models to choose from. We offer a variety of foil colors to enhance your design.

Minimum order	50 discs (25 discs minimum per model)
Discs	DX, Pro, Champion, Star models
Mini markers	Standard, Golf weight, UV, Champion, & Star
Lead time	4 weeks

## Full Color Discs

This process turns photographic, hand drawn, or computer generated designs into great looking discs. We can customize trophy discs with division and place to make these keepsakes. They won't know whether to throw it or hang it! Full Color minis are great collectors items and make great bag tags.

Minimum order	25 discs
Discs	Select white DX models
Mini markers	White golf weight minis
Lead time	4 weeks

## INNCOLOR Discs

The latest evolution of the ever popular Champion Fund Raiser Program. This process produces the most brilliant high resolution images across the face of our Star discs. INNCOLOR discs are available to PDGA tournament directors and other qualified fund raising events.

Maximum order	Varies, dependent on tier status
Discs	Select Star discs including the <b>Ontario Roc!</b>
Lead time	6-10 weeks

# Innova Disc Golf Bags

A bag to suit every player's needs

New in 2008

## DISCarrier Bag

Want to carry everything you need for a tournament and a sack lunch? Then the DISCarrier is for you. We partnered with **Hero Disc** to create this "tournament bag". The DISCarrier features a lightweight internal frame to keep the over all weight at a minimum—but don't worry this bag is beefy enough to handle all your tournament supplies.

- Holds 20 - 25 discs
- Constructed of 100% Nylon 1260 Denier
- Lightweight internal frame with dividers
- Water resistant with a reinforced bottom
- Two large compartments with internal organizers for personal items
- Outer zippered pocket features an mp3 player/cellphone holder
- Hidden inner pocket
- Two large drink holders – each can hold up to a 32 oz. bottle
- Mini pocket on extra wide putter pocket
- Pocket for scorecard and multiple pencils
- Accomodates dual strap systems
- Adjustable padded shoulder strap

Designed to integrate with our BackSaver Straps as seen on page 35.

\$79.99

## Competition Bag

The Competition Bag is an ultra-light and ultra-durable full size bag designed to carry up to 20 discs. Includes a lightweight, removable internal disc frame to add support and organize discs. While other heavier bags may carry more accessories, this bag is extremely lightweight and was designed with comfort in mind.

- Holds 18 - 20 discs
- Made with durable lightweight material
- Lightweight internal frame with dividers
- Padded back area for additional comfort
- Two 32-oz bottle holders
- Padded adjustable shoulder strap
- Extra set of strap connectors for use with Backsaver straps - Backsaver Straps not included
- Two zippered gear pockets – one with internal cell phone holder
- Internal zippered pocket
- Elastic front putter pocket with mini pocket and pencil holder

Designed to integrate with our BackSaver Straps as seen on page 35.

\$59.99

## Deluxe Bag

The Innova Deluxe Bag is an excellent choice for all players. The Deluxe Bag is a durable, spacious bag with room for 15 to 20 discs plus accessories. The Deluxe Bag has a front putter pocket plus a zippered side pocket to hold additional equipment and accessories.

- Holds 15-20 golf discs
- Water resistant with reinforced bottom
- Padded adjustable shoulder strap
- 32 oz. bottle holder with cinch strap
- Two outer pockets, plus a mesh zippered pocket on inside of flap
- Three adjustable compartment dividers for various configurations
- Removable accordion disc sleeve protects discs
- Quick access front putter pocket

Designed to integrate with our BackSaver Straps as seen on page 35.

\$49.99

# Innova Disc Golf Bags

A bag to suit every player's needs

## Standard Bag

The Innova Standard Bag is a high quality, durable, and lightweight bag, designed for players that do not wish to carry a large bag. The Standard Bag holds up to 12 discs with room for accessories. Comes with detachable divider and a disc sleeve to protect discs. There is a quick access front putter pocket as well as a zippered rear compartment.

- Holds up to 12 golf discs
- Water resistant with reinforced bottom
- Padded adjustable shoulder strap
- Removable disc sleeve provides additional protection for up to six discs
- One adjustable compartment divider
- 32 oz. bottle holder with cinch strap
- Zippered mesh pocket on inside of top flap for valuables
- Velcro side pocket designed to hold minis, snacks, and cell phones
- Easy access front putter pocket

## Starter Bag

The Innova Starter Bag is an affordable choice for new players or folks who don't carry a lot of discs. It is lightweight and designed to hold 6 to 12 golf discs. The Starter Bag is an ideal choice for youth players. The compact size makes it easy to pack in your suitcase when traveling.

- Holds up to 10 golf discs
- Water resistant with reinforced bottom and sides
- Mesh bottle holder with elastic top
- Divided interior
- Detachable adjustable shoulder strap
- Mesh putter pocket
- 1 outer zippered pocket to carry keys, wallets, minis, etc.

Blue/Light Grey

## BackSaver Straps

Be kind to your spine and get a set of BackSaver Straps. Designed to better distribute the load of a full disc golf bag.

Designed to fit our DISCarrier, Competition, and Deluxe bags. Our straps are also compatible with our older tour bags.

- 4-way adjustable for many body types
- Properly configured, our BackSaver Straps can help reduce back fatigue
- 1680D nylon construction
- Extra thick padded shoulders
- Available in black

\$18.00

The DISCatcher PRO is highly visible in most any terrain

## **DISCatcher<sup>®</sup>** **PRO** **Disc Golf Target**

The Innova DISCatcher<sup>®</sup> PRO is the best catching, most visible, and longest lasting disc golf target. The DISCatcher PRO is available in both Permanent and Portable models, making it perfect for a local course or for play in the back yard.

The DISCatcher PRO Permanent is a favorite of parks departments and course professionals—in 2007 over 100 new courses were installed using DISCatcher PRO Permanent targets. The bright yellow band improves target visibility from afar and also distinguishes the disc golf course to non-players. The DISCatcher PRO has 24 chains designed to catch and stop discs. Discs thrown into its large “sweet spot” resist “blow-throughs”, “bounce-backs”, and “bounce-outs”. We are sure that the DISCatcher PRO will suit your needs, whether you are installing a new course or upgrading an existing one.

The DISCatcher PRO Portable offers the same great “catchability” as the Permanent model, but with a metal base that allows it to be set up anywhere. The Portable is ideal for use on temporary courses or as a heavy-duty full-size target for backyard practice.

The DISCatcher PRO was designed by pros to improve scoring from near and far. There is no better choice than the DISCatcher PRO.

### **HIGH VISIBILITY TARGET TOP**

Our yellow powder coated target top makes the Innova DISCatcher PRO highly visible and able to withstand the elements. Under the powder coating is all stainless steel construction making it long-lasting and low maintenance.

### **GALVANIZED CONSTRUCTION**

Hot-dip galvanized basket, pipe and chains allow a DISCatcher PRO target to weather the elements better than painted or zinc plated baskets.

### **THREE TIERED CHAINS**

12 outer chains grab your disc, while 12 more inner chains buffer and slow the disc, improving catching performance. This makes the DISCatcher a favorite target of players.

### **PDGA APPROVED**

Both the DISCatcher Pro Permanent and Portable models are PDGA approved for tournament play.

Tony Gerling at the  
Hall of Fame Classic in Augusta, GA

# DISCatcher Pro Target

Permanent or portable, you can't go wrong

The DISCatcher PRO has 3 layers of chains to catch more shots

Official target of the United States Disc Golf Championship

## Permanent Model Specifications

- Target Top** — Our yellow target tops are made from stainless steel. They are 22 inches across and 4 inches high. The band is also stainless steel welded to stainless steel "spokes". Each target top is then powder coated in bright yellow for best visibility on the course.
- Chains** — Our chains are made to handle abuse. 24 strands of galvanized 2/0 chains. (12 outer, 6 middle, 6 inner)
- Basket** — Our baskets will provide years of loyal service. They are made using 3/8" steel rod, which is hot-dip galvanized to survive years of harsh weather.
- Pole** — Our hot-dip galvanized 74" pole deters vandals. With 1/8" walls to deter bending or cutting. Each is pre-drilled for target top, basket, and collar hardware.
- Locking Collar** — Hot-dip galvanized finish. Securely fits over pole mounted with tamper resistant screws.
- Installation Tube** — 24" long hot-dip galvanized steel tube. Provides a snug fit for the target at PDGA approved height. Locking tab aligns with locking collar for security.

Model	MSRP
DISCatcher PRO	\$375.00
DISCatcher PRO Portable	\$375.00
Course sales	\$300.00 ea.

## Custom Color Tops

Is your course in need of a blast of new color? Does your school want a Disc Golf course that matches the team's colors? You now have the power!

Custom color DISCatcher are now available in a multitude of colors. If that isn't enough you can add cool special effects. We will work with you; be it for a backyard target or an entire course. Please contact Innova for more information and pricing.

## DISCatcher Sport Target

*For serious practice at home, this is it*

### *The perfect training target that goes anywhere*

The Innova DISCatcher® Sport is a full-size portable target. Durable construction with 18 galvanized chains, yet the DISCatcher® Sport model weighs only 40 pounds. The DISCatcher Sport is an excellent target choice for youth camps, schools, backyard practice or to create a temporary course. Constructed of six parts, the DISCatcher Sport can be set up in about 5 minutes with just a screwdriver. It disassembles for easy transportation or for compact storage when not in use. Not meant for permanent outdoor installation. Regulation sized and PDGA approved for tournament play.

- **Chain Assembly** - Durable yellow powder coated target top with 18 strands of galvanized chains
- **Basket** - Galvanized finish
- **Two poles** - Two sections with galvanized finish
- **Base** - Our galvanized four spoke base is wide enough and strong enough to stabilize the target, yet is still lightweight.

MSRP \$199.99

## DISCatcher Mini Target

*Minis aren't just for marking anymore*

### *Mini Disc Golf is great fun in the house or yard*

The Innova DISCatcher Mini basket is the perfect trophy basket to award to top competitors in tournaments. It is also a great basket for your mini golf course. Create your own cool course in your yard, or pool a bunch of baskets together and set up a temporary course at your local park. With 18 real chains and solid steel construction, the DISCatcher Mini works like the real deal. Metal band on top is perfect for a trophy plaque. 22" tall.

Colors: DISCatcher Yellow, Chrome (subject to availability)

MSRP \$99.99

# DISCatcher Traveler Target

Quick, convenient, and catches like flypaper

## The easiest way to play anywhere!

The DISCatcher® Traveler Disc Golf Target is ready to accompany you on all your Disc Golf expeditions. The Traveler is Innova's lightest weight full size target. Quick set up and take down gives you more time to enjoy Disc Golf. It is Ideal for camping, the beach, or a quick backyard putting session. The Traveler is an excellent choice for schools and youth camps. Kids enjoy learning disc golf on the Traveler. Comes complete with stakes, flag, and carrying case.

- Simple one step set up
- 12 pounds - the lightest portable target from Innova
- The chain assembly is surrounded with a unique net that provides additional catching power by preventing "blow-throughs" and decreasing "spit-outs"
- The extra wide basket tray is made of a lightweight yet durable, quick-drying mesh fabric
- Four legs provide a wide sturdy base
- All four feet have rings for stakes (included) for securing target on uneven surfaces or on windy days
- Matching tote bag for easy transportation and storage
- Removable flag - better wind information
- Quieter chains - putting sessions won't disturb others
- Physical Education teachers love the Traveler - light weight, quick setup, and small storage footprint

Available in yellow, red, and blue (Subject to availability)

MSRP \$139.99

# SkillShot Portable Target

*Umbrella action for collapsible fun*

The Innova SkillShot™ is the original lightweight portable Disc Golf target. It weighs in at 26 pounds with a 16 chain assembly. The SkillShot allows you to play Disc Golf in the park, on your next camp-out or around the backyard.

It is affordable, easy to transport, catches great, and is PDGA approved. Comes complete with stakes, flag and carrying case.

Weight 26 lbs

MSRP \$139.99

## SkillShot Portable Target Features:

- **Umbrella Action** - Pops up in seconds and collapses quickly too
- **16 Chains** - 16 real zinc plated chains grab and hold discs
- **Tripod Base** - Powder coated tripod base allows for basket to be mounted on uneven ground
- **Stakes** - Tent stakes and rings on each foot for added stability when needed
- **Colorful Skins** - 600 denier polyester skins. The SkillShot comes in a variety of colors to suit your needs.
- **Convenient Carry Case** - Great for storing the SkillShot in your car

Available in black, blue, green, and red (subject to availability)

Design a SkillShot Challenge course for a local park, school or your backyard.

The SkillShot Challenge is a great way to test and sharpen your disc golf skills. A player is challenged to perform a variety of disc golf shots and deliveries from different angles and distances. It gives players an opportunity to practice rollers, overhead shots and escape shots. Players are awarded points on how well they perform the shots.

See page 47 for more on EDGE.

*Overhand: 150 feet*

*SkillShot Challenge tests a wide range of skills.*

*Convenient Carry Bag*

# Complete Course Packages

Just add concrete and disc golfers

We do everything we can to grow the sport of Disc Golf, and it all starts with new course development. We offer basic 9 and 18-hole packages, or we can customize one to fit your needs.

Whether you are installing three holes or twenty-seven holes, implementing a new design or upgrading a current course, let us work with you to build a course package that fits your specific goals and budget.

Rules & Safety Sign

Freestanding gridwall display rack with 6 gridwall brackets

Designed for one or two-sided disc golf display, our freestanding gridwall can hold up to 16 brackets, almost 200 discs!

Disc golf retailing is big business. Well stocked retail shops can do brisk business near a popular disc golf course. A wide selection of discs ensures that you are catering to the widest slice of the market.

Our retail display options are designed to accent your existing retail fixtures, or integrate disc golf into them.

Slatwall Pegboard

Our gridwall racks can be mounted on walls or built into a variety of interesting shapes to create the perfect disc golf section in your store. If you already have slatwall, gridwall or pegboard fixtures, our display racks will integrate well. Each holds up to 12 discs.

Cardboard Display

We carry cardboard display boxes that allow discs to be displayed on any available shelf and can be mounted to gridwall.

Rolling four shelf display

Easily maneuverable high density disc golf display. 200 discs in 4 square feet of floor space.

Call us today and order our free Course Design Brochure. It is a valuable tool that will help you make an informed decision.

**Disc Golf U™** (DGU) is the *Official Handicapping Service* for disc golf. Developed to unite throwers across the globe, DGU provides an arena in which disc golf enthusiasts can communicate skill level and compete fairly.

DGU's interactive web site provides valuable information about the game. Members receive an official DGU handicap and the ability to track round by round scoring and progress.

Memberships are available for **\$9.95 per year**.

Join your buddies and compete for prizes on a level playing field

### Join our ranks today to enjoy the following benefits:

- Everyone has a chance to win in DGU's fair, casual competition
- Earn Player Reward Points that can be redeemed in our online Pro Shop
- Improve your game and earn Virtual Trophies as you make your way through the ranks
- Connect with disc golfers both locally and abroad

### No DGU league in your town?

Become a League Captain to begin running leagues yourself. Our easy to use system makes running league a cinch. We provide everything you need to get started. After hosting an event, simply upload scores online and in minutes the payout is complete. Competitors can then redeem their points for prizes in our fully stocked Pro Shop.

A screenshot of the Disc Golf U website. The header features the site logo and navigation tabs for COURSES, PERSONAL SCORING, LEAGUES, and PRO SHOP. Below the header is a login section with fields for 'username:' and 'password:' and a 'LOGIN' button, alongside a red 'JOIN NOW!' button. The main content area is divided into several sections: 'NEWS &amp; EVENTS' with sub-sections for 'Course Updates and Additions', 'Disc Golf United Update', and 'Educational Disc Golf Experience'; 'FEATURED COURSE' for 'Reedy Creek Park Long' in Charlotte, NC, with a photo and a bar chart showing ratings for 'Course Usage', 'Ease of Play', 'Enjoyment Factor', 'Hazards and OB', 'Worth The Drive', and 'Difficulty Rating'; 'FEATURED DISC' for 'Star Destroyer' with a price of \$16.00 and 1600 points; and 'WEATHER' with a search box for a city or ZIP code. A 'PARTNERS' section includes the 'EDGE' logo with the text 'Teach a Child Disc Golf Today'. A large yellow starburst graphic in the bottom right corner contains the text: 'Play Disc Golf Earn Points Redeem Points Get Cool Stuff!'.

**Educational Disc Golf Experience (EDGE)**, is a non-profit organization that was founded to introduce the fun, lifetime sport of disc golf to young people. EDGE has developed a program to provide schools and other youth programs with a sound curriculum for teaching disc golf fundamentals and related skills.

## The sport of a lifetime

EDGE introduces the lifetime sport of Disc Golf to students and campers of all ages. While introducing rules and techniques of disc golf, EDGE also provides teaching points on life skills such as responsibility and cooperation as well as the life-long benefits that an active lifestyle provides.

*Des Reading teaches the proper putting technique*

## EDGE program benefits

- Students learn through hands on lessons using real golf discs and equipment
- SkillShot™ fundamentals testing allows students to test the skills they have learned and rewards students who have reached predefined levels with cool patches of achievement
- EDGE curriculum also teaches: stretching, addition, courtesy, environmentalism
- EDGE Packages start at under \$500 with enough equipment for a 30 person class

[www.edgediscgolf.org](http://www.edgediscgolf.org)

## Disc golf is the sport of the future and children are the future of the sport

The EDGE program introduces the basic physical skills required for the sport along with integrated math, science, fitness, nutrition, and civics lessons. Children get to have fun, participate in much needed physical activity and learn skills that can last a lifetime.

## Teach a child to play disc golf today

If you are interested in finding out more about EDGE or would like information on how to bring the EDGE program to a school or youth organization in your area, visit the EDGE web site online at: [www.edgediscgolf.org](http://www.edgediscgolf.org) or call 1-866-391-EDGE (3343).
